

MEXICAN OUTLAW KILLS TWO DEPUTIES

Lopez Adds Two More to His
List of Killed When Posse
Seeks Him in Mine

SOUGHT TO LIGHT SMUDGE

Deputies Enter Mine to Light Smudge to
Smoke Out Desperado But Are Driven Out
Leaving Two of Their Number Behind

SURVIVOR SEEKS THE MEXICAN ALONE

BINGHAM, Utah, Nov. 29.—In a battle underground, Ralph Lopez, Mexican gunman, added possibly two more names to his list of killed late today when he drove back a posse of deputy sheriffs in the Utah-Apex mine. Lopez, who started his career of crime November 21, by slaying the chief of police of Bingham, two deputies, and a fellow countryman, shouted from the depths of his stronghold tonight that it would cost many more lives before they "got him."

The men he shot today were deputies Douglas Hulsey, and Tom Mandrich, who at a late hour tonight still lay where they fell. The deputies before entering the Andy Tunnel of the mine this afternoon arranged a signal of four taps on a pipe-line in case of distress. Shortly after the shooting the signal was heard coming from one of the fallen deputies. Then it ceased and was not repeated.

Will Attempt to Bring Out Bodies.
Arrangements were made tonight to bring out the two in a mine motor car and it was expected that this would precipitate another engagement with Lopez. The shooting today resulted when a half dozen deputies penetrated the Andy Tunnel nine hundred feet in order to light a smudge to smoke out the desperado. As soon as Hulsey struck a match he was shot down by Lopez. In the exchange of shots which followed Mandrich fell and then the deputies retreated. It was at first reported that Dr. David Ray, who was superintending the mining of chemicals for the smudge, had also been shot but later he appeared at the mine's mouth, having crawled from beside the fallen deputies on his hands and knees.

Seeks Mexican Single Handed.
Deputy Sheriff Julian Sorenson, the only survivor of the four deputies who started in pursuit of Lopez on November 21, crept into the mine tonight to hunt down and engage the Mexican single handed. At a late hour he had not been heard from.

The deputies who were cut off from the exit during the engagement with the desperado today, came out tonight through the Andy Tunnel after creeping past the incline in which Lopez is located.

At a late hour the streets were alive with people and it was feared a race riot might start between Austrians and Mexicans because of the killing of deputy Mandrich, an Austrian.

Moves to New Stronghold.
Sorenson later emerged from the mine with the announcement that he could find neither the bodies of the deputies where they had fallen nor any signs of Lopez in the Andy incline. A posse then entered with a searchlight and returned with the verification of Sorenson's discovery. Apparently Lopez had moved to a new stronghold and dragged the bodies of his victims along with him in the hope that the fear his victims were still alive would prevent further efforts to asphyxiate him.

At midnight efforts to reach Lopez and his victims were abandoned until tomorrow morning.

LOS ANGELES WOMENS' QUIET BOYCOTT BRINGS DOWN PRICE

LOS ANGELES, Cal., Nov. 29.—A sudden drop in the price of eggs from 70 to 55 cents a dozen brought forth today the fact that for a month four thousand women, members of the Los Angeles Parent-Teacher association, quietly and persistently have been boycotting that commodity.

WEATHER INDICATIONS AND TEMPERATURES.

WASHINGTON, Nov. 29.—For Illinois—Rain Sunday, colder north and central portions with shifting winds probably becoming northerly and brisk. Monday probably fair, colder extreme south portion.

Temperatures.		
The current, maximum and minimum temperatures for Saturday were:		
Jacksonville	59	62
Boston	42	44
Buffalo	42	46
New York	42	46
New Orleans	66	76
Chicago	59	59
Detroit	44	44
Omaha	46	50
St. Paul	46	48
Helenia	34	42
San Francisco	54	58
Winnipeg	34	36

SUFFRAGETTES ARRIVE FOR ANNUAL CONVENTION

URGE AMENDMENT TO CONSTITUTION
TO ENFRANCHISE WOMEN

Amendment Will be Urged Upon
Congress With Vigorous Determination—Will Attempt to Obtain an Expression from President Wilson Which Might be Regarded as Democratic Policy on Suffrage Question.

WASHINGTON, Nov. 29.—With the announced intention of starting speedily on its way an amendment to the federal constitution that will enfranchise women, suffragists by the hundreds arrived here today to attend the forty-fifth convention of the National American Women's Suffrage association. Such an amendment is to be urged upon congress say the suffrage leaders with vigorous determination. They also asserted that they will attempt to obtain during their week's stay here an expression from President Wilson which might be regarded as the Democratic party's policy on the woman suffrage question.

Hotel lobbies buzzed tonight with discussion by groups of delegates with the questions which will come before the convention when it begins its sessions Monday. Arrival and certification of delegates, meetings of the official board and of the executive committees and a luncheon by National College Equal Suffrage league at which Dr. Anna Howard Shaw, president of the National association, Miss Jane Adams and other prominent leaders spoke, filled the day. Enthusiasm will be kept alive over Sunday by a mass meeting tomorrow at which Dr. Shaw, Miss Adams and Senator Helen Robinson of Colorado will be speakers.

Two Important Questions.
The executive committee at a meeting tonight took up for consideration two of the important matters which will come before the convention. One was the proposal to adopt a new constitution for the association in accordance with the recommendation of the constitutional revision committee. The other was as to the founding of a business corporation capitalized at \$50,000 to be known as the National Suffrage publishing company, which would have charge of the printing of suffrage literature for the national, for the affiliated and other associations.

PRESIDENT WILSON MUST RE-APPOINT HARRY M. PINDELL

WASHINGTON, Nov. 29.—Late today the senate confirmed the nomination of L. E. Pinkham of Massachusetts to be governor of Hawaii. The appointment of Henry M. Pindell the Peoria publisher, as ambassador to Russia was not acted on and will not be, leaders say, before the adjournment of congress Monday.

His re-appointment by President Wilson will be necessary after the new congress convenes.

More than a hundred army and navy, and postmaster appointments were confirmed but the session adjourned with nearly 100 nominations on the calendar.

PRESIDENT BIDS DAUGHTER FAREWELL; SEES FOOTBALL GAME

NEW YORK, Nov. 29.—President Wilson accomplished today the two purposes that brought him to New York from Washington, he bade bon voyage to the white house bride and groom, his daughter and Francis Bowes Sayre who sailed for Europe on their honeymoon and as commander-in-chief of the land and water forces of the nation, he attended the Army-Navy football game at the Polo Grounds, where he was a non-partisan but interested spectator. Tonight the president went to the theatre. He terminated his thirty-hour visit to the city by taking a late train back to Washington.

DANVILLE WOMAN CHARGED WITH USING MAILS TO DEFRAUD

DANVILLE, Ill., Nov. 29.—Mrs. Emma R. Burkett was arrested and held to the federal grand jury today on a charge of using the mails to defraud. She was unable to furnish \$1,500 bail and was sent to the jail. A dozen or more complaints coming from as many different states have been lodged with the postal authorities, charging her as posing as single, young and beautiful, who obtained money from correspondents under various pretenses.

WOODROW WILSON TOO MUCH OF A "CZAR" FOR "UNCLE JOE"

CHICAGO, Nov. 29.—"They said I was a Czar when I was in the speaker's chair at Washington, but Woodrow Wilson can give me cards and spades in that line," "Uncle Joe" Cannon, declared tonight at the annual dinner of the Illinois St. Andrews' Society. "But he is your president and my president. And if he should be mistaken in his ideals and methods and in the future falls to give us the prosperity promised he will fail in 1916, for our fathers so made it that we can reverse the engine when things do not go right."

Mr. Cannon responded to a toast "The Land We Live In."

SENATORS WRANGLE OVER CURRENCY BILL

Administration Measure Progresses Slowly in Its Preparation for the Senate

ADOPT AMENDMENT TO BILL

Amendment Is Adopted Permitting Board to Establish Number of Reserve Banks Considered Necessary Between 8 and 12

GEORGIA SENATORS MAKE OBJECTION

WASHINGTON, Nov. 29.—Subjected to an all day wrangle in the conference of Democrat senators today, the administration currency bill progressed slowly in its preparation for final consideration on the floor of the senate. Practically no change was made in the administration draft of the bill as presented by Senator Owen and the five administration senators of the banking and currency committee during the day but for several hours the conference discussed a technical interpretation of the provision of the bill relating to the retiring of the new currency to be issued. Senator Reed of Missouri criticised the wording of the section. The Democratic program for day and night sessions of the senate until the bill is disposed of probably will be delayed until the conference convention concludes its work next Tuesday or Wednesday. The administration plan for regional banks capitalized by enforced subscriptions of the banks and controlled by bank-selected directors was endorsed. It was provided, however that the federal reserve board should have the power to remove all directors of the regional banks.

The conference passed over the provision of the bill fixing the number of regional banks. At the instance of the conference Democrats of the currency committee are framing a guarantee of bank deposits provision which may be written into the bill.

Late tonight the conference adopted an amendment to the Owen bill which would permit the federal reserve board to establish any number of reserve banks considered necessary between the limits of eight and twelve. This agreement met the objection of Senators Hoke Smith and Bacon of Georgia, that the Atlanta territory might be compelled to transfer its banking operations to a reserve bank at New Orleans. The federal reserve board would be given authority to decide where banks are needed to meet the ordinary trend of business operations. The bill passed by the house fixed the number of banks at twelve while the Owen bill provided for eight and the Hitchcock bill four.

FIVE PERSONS ARE SERIOUSLY HURT WHEN MOTOR TURNS TURTLE

SEDALIA, MO., Nov. 29.—A T. Stewart of Pilot Grove, was probably fatally injured and four others were seriously hurt here tonight when a motor car driven by G. C. Vaughan struck a hole in the street, reversed and turned turtle, pinning the five occupants under the machine. Stewart suffered a fractured skull, a broken arm and was severely bruised.

BARGE LADEN WITH 600,000 GALLONS OF OIL SPRINGS LEAK

ST. LOUIS, Mo., Nov. 29.—A barge laden with 600,000 gallons of oil and which had run aground in the Mississippi river a few miles north of here, sprung a leak today and a large part of the cargo was lost. The oil was from Standard Oil refinery near Alton, Ill.

SATURDAY IN CONGRESS

Senate.
Met at 2 p. m.
Democratic conference continued work on administration currency bill.

All Philippine nominations excepting that of Winifred T. Denison for secretary of interior reported favorably by sub-committee.

Confirmed nomination of L. E. Pinkham as governor of Hawaii by a close vote, but left the appointment of Henry M. Pindell as ambassador to Russia for the regular session of congress.

Passed resolution for joint session with the house at 1 p. m. Tuesday to hear President Wilson to read his message.

Adjourned at 4:16 p. m., to 10 a. m., Monday.

House.

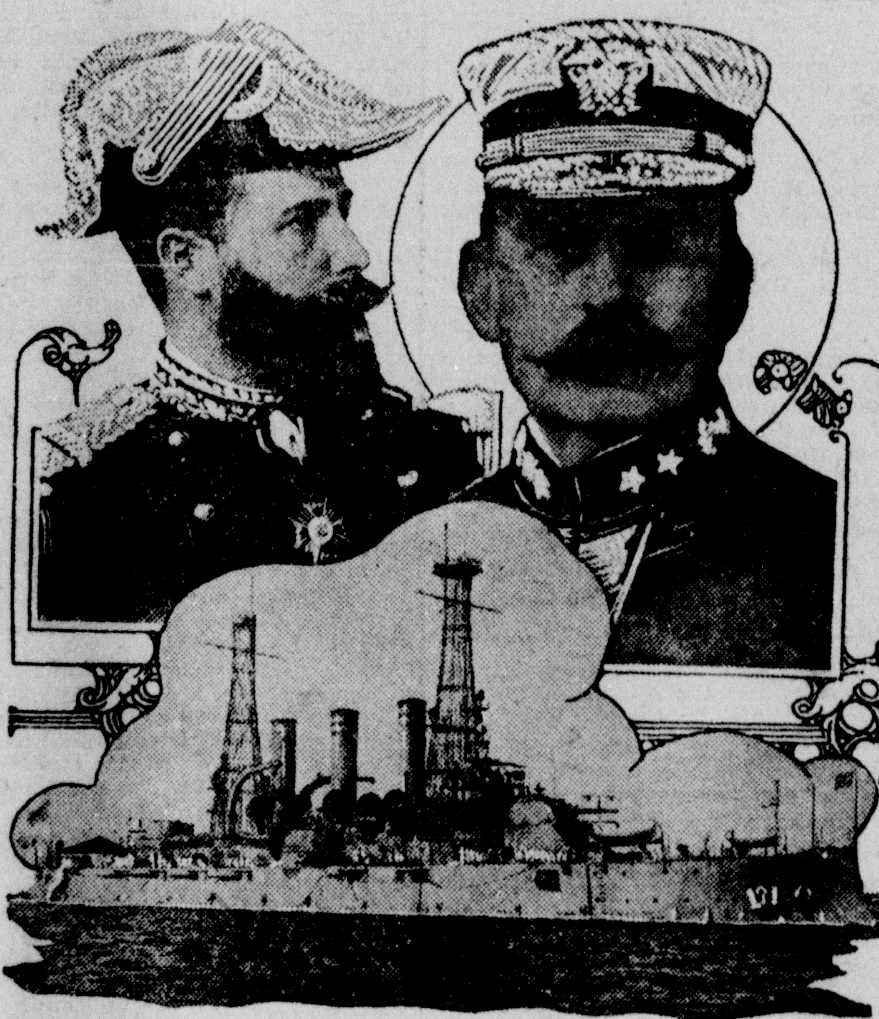

Met at noon.

Resolution adopted for joint session at 1 p. m., Tuesday to hear President Wilson read his message.

George Loft and Jacob Center, New York and Calvin D. Paige of Massachusetts sworn in as representatives.

Adjourned at 12:55 p. m., to noon Monday when the regular session opens.

Principals In the Crisis at Tuxpan and the Rhode Island.

Photos by American Press Association.

Rear Admiral Frank F. Fletcher, commanding the American battleships on the east coast of Mexico, went to Tuxpan with the Rhode Island to make a personal investigation of the conditions there. He took this action upon the urgent order of Secretary of the Navy Daniels after Sir William Tyrrell, private secretary to Sir Edward Grey, the British secretary of foreign affairs, had urged the United States to land marines at Tuxpan to protect the English oil properties from the threats of General Aguirre, the Mexican rebel. Rear Admiral Fletcher is at the right and General Aguirre at the left. The Rhode Island is also shown.

HOUSEWIVES WILL CONTINUE BOYCOTT

CONFERENCE OF WOMEN AND EGG
DEALERS EFFECT NO COMPROMISE

Wholesalers Claim High Prices Are Due to Shortage and That the Boycott May be Good Thing for All Concerned—Women Will Continue Boycott With Vigor.

CHICAGO, Nov. 29.—Across a table on which reposed a lonely but highly symbolic egg, the housewives of Chicago and the egg dealers, through their representatives met here today to discuss the boycott being conducted by the women.

The conference lasted two hours and there was no compromise. The boycott will continue. The wholesalers said that the high prices were due to a shortage and that the boycott might be a good thing for all concerned as the abstinence of the boycotters would lighten the task of the dealers who haven't eggs enough to go around.

The women declared that the boycott would be continued with vigor to enlist other women.

No Invitation to Meetings.

"You ask for co-operation," said Mrs. Caroline E. Bley, president of the Clean Food Club and leader of the boycott at one stage of the proceedings. "Well we would be glad to sit with you at meetings of the butter and egg board."

To this there was no response.

Reply to a statement of John Mitchell, president of the board that in the absence of official figures a press estimate of a reserve supply of only 554,000,000 eggs would give only six eggs per capita for six weeks, Mrs. Bley said:

"Your argument falls down. You know that there are thousands of persons in this city who have not seen an egg in six months. If the eggs will not last six weeks or until we give them to us at decent prices, we are not concerned with the shortage; we are fighting the high prices, which seem to be brought about by profits to four or five middlemen including speculators."

SUITS AGAINST SUGAR "TRUST"

ASK \$1,860,000 DAMAGES

NEW ORLEANS, La., Nov. 29.—Nine suits asking altogether \$1,860,000 damages under the Sherman anti-trust law were filed here today in federal court against the American Sugar Refining company and Jackson T. Witherspoon, local manager by a number of independent planters, refiners and dealers. The petitioners allege the American company manipulated the sugar market to their detriment.

RECEIVES COMMANDERS.

Rome, Nov. 29.—King Victor Emmanuel tonight received the commanders of the American battleship fleet at the Quirinal. At the same time Queen Helena, who had not yet received Mrs. Thomas Nelson Page, decided to give a dinner, after the reception to the wife of the American ambassador to Italy, in honor of the fleet's officers and the members of the United States embassy staff.

INTRODUCES ANTI-HIGH COST OF LIVING BILL

REP. M'KELLER'S BILL LIMITS PERIOD
OF COLD STORAGE

Measure Provides Against Long Storage of Food Stuffs and That All Cold Storage Concerns Must Furnish to the Government Daily Statements of Goods on Hand, Shipments, Receipts and Deliveries.

WASHINGTON, Nov. 29.—An anti-high cost of living bill was introduced today by Representative McKellar of Tennessee.

The bill would make the maximum period of storage on beef or its products, seven months, veal, two months, pork four months, sheep or goats, four months, lamb or kids three months, poultry and game three to six months, with provision for labelling all over three months old after inspection; butter three months. The bill proposed that cold storage articles must be labelled with the dates of production, killing, packing or manufacturing and period of storage. It would bar thawing out cold storage products, would have regulations issued by the department of agriculture and other precautions.

After providing against long storage of food stuffs and bill provides that packers of meat, poultry, butter and eggs and all cold storage concerns must furnish to the government daily statements of goods on hand, shipments, receipts and deliveries, in violation of which fines ranging from \$100 to \$1,000 or prison not exceeding five years may be imposed.

Representative Fowler of Illinois is collecting data to present to the judiciary committee when it takes up a long contemplated investigation of an alleged beef trust. He intends to ask the committee to investigate particularly whether meats kept in cold storage are treated with chemicals.

NEW LABOR ORGANIZATION CHARTERED IN KANSAS CITY

KANSAS CITY, Mo., Nov. 29.—A new labor organization bound by its constitution to oppose strikes and uphold the arbitration method of settling disputes and also to favor graduated, rather than a uniform wage scale was chartered in the circuit court here today.

Founders of the organization which is known as the national association of United Building Labor say it is their plan to extend the association to all parts of the States in the hope of reducing the number of strikes.

DR. WILLIAMS CHOSEN.

Madison, Wis., Nov. 29.—Dr. Talcott Williams, dean of the Pulitzer School of Journalism in Columbia University, today was elected president of the American conference of teachers of Journalism.

TO MEET IN KANSAS CITY.

St. Joseph, Mo., Nov. 29.—The Missouri Valley Commercial Teachers' association closed a two day session here today by selecting Kansas City as the meeting place in 1914 and electing officers.

LONG SPECIAL SESSION OF CONGRESS AT AN END

REGULAR SESSION OF NATIONAL LAW-
MAKERS BEGINS TOMORROW

President Wilson Urges Congress to Hold Itself to Two Projects, the Tariff Revision and Currency Reform, but Other Matters of General Importance Have Been Considered.

WASHINGTON, Nov. 28.—The longest continuous extraordinary session in the history of congress practically ended tonight and the regular session will begin next Monday. Two great projects have held the attention of congress and the country throughout the unprecedented work of the year. One of these, tariff revision crystallized into law in September. The other, currency reform, still is the chief subject of legislative interest and will remain so until disposed of in the regular session.

The special session opening a month after the Democratic forces took control of the government began with a re-organization of party leadership in the senate which overthrew precedent and brought the so-called Progressive forces into control.

Other Matters Considered.
Although President Wilson urged the congress just closed to hold itself to the two projects—tariff and currency—several other matters of general importance have been considered. One important legislative act was the so-called Newslands law for mediation and conciliation in labor disputes.

The abolishment of the United States commerce court also was accomplished. Another appropriation bill rider took out of the classified civil service most of the deputy United States marshals and deputy collectors of internal revenue. Exemption of labor unions from prosecution under the anti-trust laws, so far as certain funds were concerned, also was accomplished.

Embraced in Tariff Bill.

Many important legislative acts were embraced in the tariff bill in the form of amendments. These included prohibitions against the importation of feathers of birds, and a special rebate on goods brought in in American ships an act designed to encourage American shipbuilding and to strengthen the American merchant marine. The fight over the proposed tax on cotton futures to prevent cotton gambling failed in the final developments prior to the passage of the tariff bill.

Will Be Pushed to Conclusion.

Other bills which underwent preliminary preparation in committee rooms will be pushed to conclusion in the new congress, these include the seamen's servitude bill which passed the senate; the Hetchy Hetchy bill to grant San Francisco water supply rights in that valley which passed the house and is to be voted on by the senate December 6th, and the Alaskan railway bill which the senate has agreed to take up in December. The Alaskan measure would provide for government railroads that would more adversely open Alaskan resources.

NEW INDIANAPOLIS EXECUTIVE PREPARING FOR LABOR TROUBLE

INDIANAPOLIS, Ind., Nov. 29.—Harry R. Wallace who became mayor of Indianapolis when Mayor Shank resigned yesterday, continued preparations in anticipation of serious trouble should the threatened strike of Union teamsters materialize next Monday.

The Union teamsters will meet tomorrow and vote on the strike proposition. It is believed the men will vote to strike. Thomas J. Farrell, general organizer for the union continued tonight to meet employers of teamsters and explain to them the demands of the union.

NEXT SUNDAY WILL BE "NATIONAL TUBERCULOSIS DAY"

SPRINGFIELD, Ill., Nov. 29.—In a proclamation issued today Governor Duane calls attention to the fact that December 7 has been designated by the National association for the study and prevention of Tuberculosis as "National Tuberculosis Day" and declares that the state of Illinois and its citizens should do all in their power to check the dread disease.

WILL DISCUSS QUESTION OF IMPORTING POTATOES

WASHINGTON, Nov. 29.—To protect the United States from foreign potato diseases and to find a way in which some of the foreign crop may be brought in because of this year's scant native supply estimated to be almost 100,000,000 bushels short, Secretary of Agriculture Houston today issued a call for a public meeting here December 18 to discuss the subject.

CONDITIONS WILL FORCE GOVERNMENT OWNERSHIP

St. Louis, Mo., Nov. 29.—R. F. Bush, president of the Missouri Pacific railway in an address tonight before the Missouri Pacific club said that present conditions of the money market, the attitude of the public, and recent legislation tended to force government ownership of railroads. Mr. Bush predicted that government ownership would be a failure.

MEXICAN SITUATION IS MORE CRITICAL

Constitutionalists Reported Approaching Chihuahua—Zapatistas Busy in the South

NO NEW NEGOTIATIONS MADE

Denials Are Made at National Palace and American Embassy of Any Negotiations—Mexico City Isolated from North

URRUTIA HAS COMPROMISE PLAN

WASHINGTON, Nov. 29.—Under pressure of constitutionalists arming in the north advancing on Chihuahua and the menacing activities of the Zapatistas to the south, the situation of the Huerta government in Mexico City was believed by officials here tonight to be more critical than previously.

Efforts of General Huerta to obtain funds for the payment of accrued interest on national railroad bonds were regarded as serving to demonstrate the deterrent effect upon foreign capital of the attitude of the American government towards speculators who would risk their money to secure exorbitant profits at this stage in the national tragedy.

Mexico City according to advice here, is almost isolated from the northern half of Mexico. A report that Senator Moseno, the Huerta secretary for foreign affairs, had gone to Vera Cruz to confer with John Lind upon the arrival at that port of President Wilson's personal representative aroused interest at the state department. It was believed here that Senator Moseno might be charged with fresh propositions to lay before the American government through Mr. Lind. A telegraphic report was received during the day from Admiral Fletcher on his Flag ship Rhode Island which dealt with conditions in the oil fields.

With the arrival in Mexican waters of the fourth division of the Atlantic fleet in the course of a fortnight three fourths of that great navy aggregation will be engaged in the protection of American and foreign interests in Mexico.

Suggests New Cabinet.

Mexico City, Nov. 29.—Hoping to placate the rebels, Dr. Aureliano Urrutia, former minister of the interior has suggested to President Huerta, it is said, the formation of an almost entirely new cabinet and the granting to the constitutionalists of certain concessions. Under Dr. Urrutia's plan Gen. Blanquet would be left at the head of the department of war while Urrutia would be reinstated as minister of the interior.

Dr. Urrutia is said to believe that his plan will meet with the approval of the United States. Prior to Urrutia's elimination from the cabinet last September it was common gossip that should Huerta resign he would leave Urrutia the presidency.

NEGOTIATIONS DENIED.

Mexico City, Nov. 29.—Denials were made today both at the American embassy and the palace that any negotiations between Mexico and the United States are under way notwithstanding the departure of foreign Minister Moseno for Vera Cruz where, it is understood, John Lind, President Wilson's personal representative returned today.

SPENCER SENTENCED TO HANG; LOSES ALL HIS INSANE MANNER

AURORA, Ill., Nov. 29.—Harry Spencer, murderer of Mrs. Mildred Allison-Rexroat, was today sentenced to be hanged at Wheaton, the county seat, December 19th.

Spencer, himself, argued for a new trial and repudiated his confession to the murder but was overruled by Judge Slusser.

The insane manner with which he tried to impress the jury during the trial was absent today.

OFFICIALS WILL ANNOUNCE STATE TAX RATE MONDAY

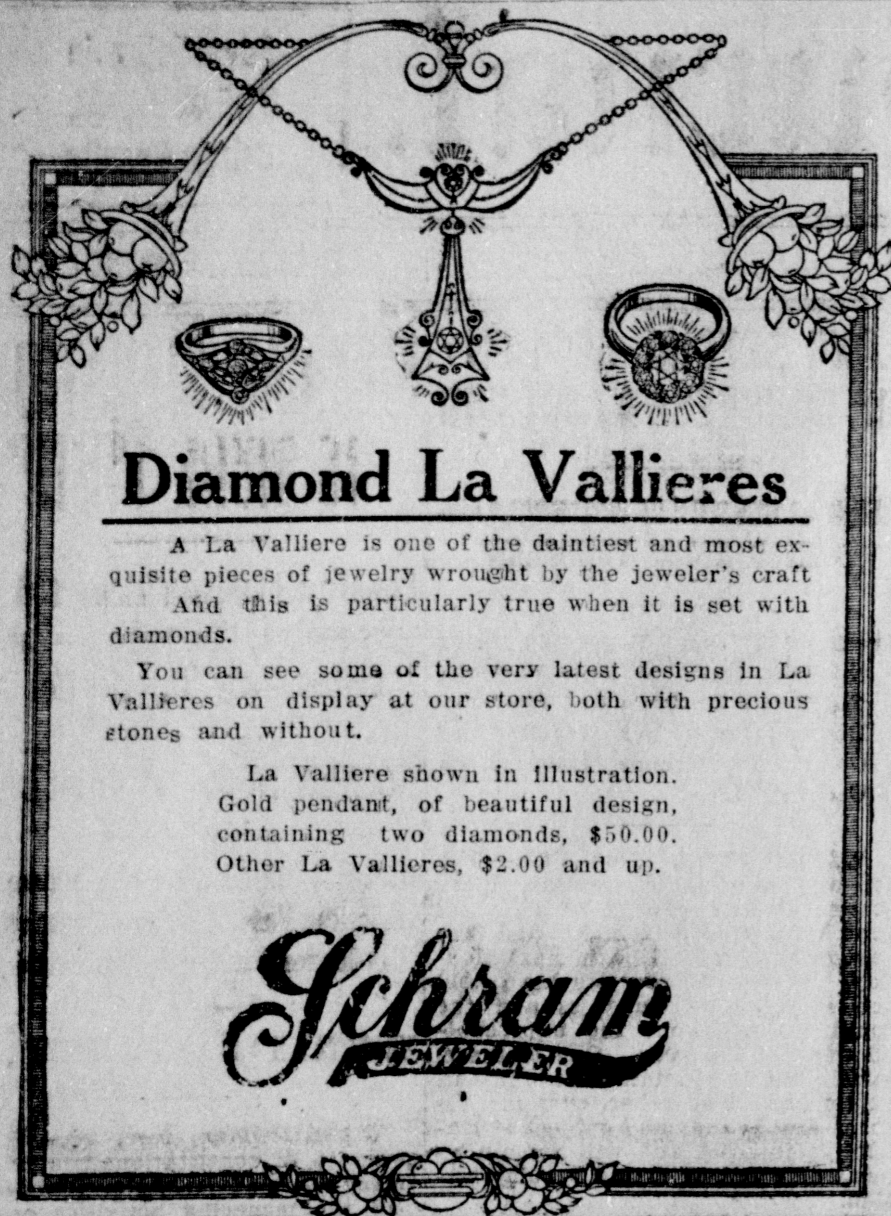

SPRINGFIELD, Ill., Nov. 29.—Governor Duane, State Auditor Brady and State Treasurer Ryan will announce the state tax rate Monday. It will be seventy or seventy-one cents as compared with thirty-eight cents last year.

A statement will probably accompany the announcement in which the present administration will say that the preceding administration fixed a rate too low to raise revenue for the state's regular expenses.

SPARKS FROM THE WIRES

PROVIDENCE, R. I., Nov. 29.—Herbert W. Ladd, twice governor of the state died today of cerebral hemorrhage. He was in his seventy-first year. Mr. Ladd was a newspaper correspondent at the front during the civil war.

CHICAGO, Nov. 29.—"Puckey" McFarland has at last taken the count. In the spring he will marry Miss Margaret Loughlin of Joliet, it was announced today. Miss Loughlin's parents are wealthy and she has studied abroad.

Diamond La Vallieres

A La Valliere is one of the daintiest and most exquisite pieces of jewelry wrought by the jeweler's craft. And this is particularly true when it is set with diamonds.

Delaplaine, 1200 South Main, Illinois phone 1465.

SOCIAL EVENTS.

Claude Jolly entertained a company of relatives and friends Thanksgiving day at her home three miles southeast of Franklin. For several years past members of the Jolly family have observed Thanksgiving day with a reunion and the occasion this year was one of very special pleasure. The house was prettily decorated for the occasion in pink and white colors and after the excellent dinner had been served time was spent with music and games. Among those present were Mr. and Mrs. John Jolly, Mr. and Mrs. Frank Jolly and son, Mrs. Fannie Shipley and children, George Jolly and family, Ed. Jolly and family, Bert Jolly, Mrs. Ellen Mitchell, Edward Bingham and family, Misses Vergie, Allie and Mary Jolly, Messrs. Leslie, Oyer and Elvis Deatherage.

Mr. and Mrs. Carl Graubner entertained friends and relatives at a Thanksgiving dinner at their home on North Main street. A splendid dinner was served and the occasion was one of much pleasure. Miles Kehoe and family were among those present.

Miss Grace Dunlap entertained a company of friends at a luncheon at her home near New Berlin Saturday afternoon, at which the announcement of her engagement to Horace Wilcox was made known. Miss Dunlap is a daughter of Mr. and Mrs. Irwin Dunlap and Mr. Wilcox is a son of Albert Wilcox. Miss Edna Rief of Alexander was among the guests.

Mr. and Mrs. J. D. Hembrough of Asbury entertained twenty-five young people of the neighborhood Saturday evening in honor of the eighteenth birthday of their daughter, Miss Anah Hembrough. Music was a feature of the evening's entertainment as were games, including a number of interesting contests. An ample two course supper was served in the dining room which was decorated with red carnations. A large wedding cake was served, with candles to represent the age of the young hostess. The thimble was found by Miss Alma Hembrough and the doll by Miss Edith Young. The ring fell to Miss Ruth Hembrough, the button was found by George Megginson and the coin by Ellsworth Hembrough. Miss Hembrough received a number of presents which will remind her for a long time to come of this most enjoyable birthday celebration.

Mrs. Carrie H. Phillips and daughter, Miss Bea Phillips entertained at their home on Park street in honor of Mrs. Evelyn Craven and her parents Saturday evening at a six o'clock dinner. Mrs. George Birkenhead of East Independence avenue was among the guests.

The United Commercial Travelers held their annual banquet Saturday evening in their Council Chamber. The affair was largely attended and was one of the most enjoyable ever held. After the elaborate banquet the following toasts were given, with Charles T. Mackness acting as toastmaster:

"The Ladies' Council Roosters"—Conductor George F. Halgh.
"Unity"—Junior Councillor—Gerald R. Taylor.
"Charity"—Senior Councillor—L. B. Crowe.
"Temperance"—Past Councillor—J. N. Conover.
"Ray of Hope"—Harry B. Myers.
After the speaking dancing was enjoyed until a late hour. The entire affair was in charge of the ladies U. C. T. Boosters and to them much credit is due for the success of the evening.

Members of the high school faculty enjoyed a banquet at the Peacock Inn, Saturday evening in honor of Principal and Mrs. Charles Collins and children. Miss Helen Collins and John Collins. Mrs. Collins and daughter are here from Chicago for a visit. The affair was most enjoyable in every way. Others present were Superintendent and Mrs. W. A. Gore, Mr. and Mrs. T. P. Carter, Messrs. Buland, Morrison, Alcott, Huber, Ray, Misses Goodrick, Kent, Calky, Scott, Thornbrough, Russell, Keuchler, Baldwin and Rogerson. Each guest responded to a toast after the excellent banquet.

Dance Wednesday, evening, Dec. 3, Dezen's Hall. Union music. O. H. Spaulding.

COUNTY ASSESSABLE PROPERTY.
County Clerk Boruff and his office force have figured out the total of assessable property in Morgan county and as soon as the bond rates are certified by the state auditor the work of tax extension can be commenced. The figures show an increase in the total taxable property in the county of \$372,064 by comparison with the totals of 1912. The totals are 1912, lands \$9,134,065; lots \$3,420,870; personal \$3,479,660; railroads, \$1,568,206; telegraph, \$36,297; corporations, \$25,000; grand total, \$17,664,098. Totals, 1913, lands, \$9,143,650; lots, \$3,483,320; personal, \$3,685,925; railroads, \$1,667,950; telegraph, \$30,225; corporations, \$25,000; grand total, \$18,036,162.

Sale of Christmas Handkerchiefs and opening display of holiday novelties tomorrow. F. J. Waddell & Co.

SMALL FIRE IN BLACKSMITH SHOP.
A small fire was discovered at 1 o'clock Saturday morning in the East North street by merchant policeman Richard Murgatroyd. Mr. Murgatroyd notified Mr. Meany of the blaze and the two men extinguished it without the aid of the department. The cause of the fire, which did little damage, is unknown.

Fresh made candies at Howe's.

MISS KATHRYN VINCENT

As Meg in William A. Brady's production of "Little Women" at the Grand, matinee and night, Dec. 4.

Through an arrangement made by Miss Jessie Bonstelle with the surviving relatives of Louisa M. Alcott, "Little Women" has been dramatized by William A. Brady and New Yorkers placed the seal of their approval upon the play last year by keeping it at the Playhouse, one of the most luxurious theatres of the metropolis, for the whole season.

"Little Women" is known to millions of readers in the United States and has been translated into German, French, Spanish and other foreign languages. This book has been done into a play of four acts and two scenes, by Marian De Forest, a Buffalo newspaper woman, and is being produced this season by William A. Brady, through an arrangement with Jessie Bonstelle, who secured the consent of the Louisa M. Alcott heirs. It is said that Miss Bonstelle labored diligently for more than eight years before she could secure permission to have Miss Alcott's immortal story put into a stage version, and only after promising the surviving members of the Alcott family that the dramatic work would follow the original manuscript accurately and reverently, did she succeed in gaining their consent.

Miss De Forest's dramatization will be the attraction at the Grand Wednesday, afternoon and night. Matinee prices, children 25 cents; adults 50 cents to \$1.

SPECIAL NOTICE.
OWING TO THE CONTINUING UNSEASONABLE WEATHER AND FINDING OURSELVES HEAVILY OVERSTOCKED WE OFFER OUR COATS, SUITS, FURS AND MILLINERY AT PRICES THAT WILL SURELY INTEREST BUYERS. OUR RELIABLE MERCHANDISE AND OUR WELL KNOWN STANDING IS EVIDENCE THAT SHOULD APPEAL TO YOU. J. HERMAN.

REV. MR. ALKIRE VISITS CITY.
The Rev. Hy S. Alkire, pastor of Park M. E. church, Bloomington, has returned to his home after a four days visit with Dr. W. T. Duncan. While here he and Dr. Duncan spent some time hunting in the Asbury neighborhood. Rev. Mr. Alkire brings very encouraging reports of his work at Park church since taking up his pastorate there he has organized a class of young men the membership of which at present is over thirty.

If you want to secure for him a most desirable present see the Sterling Silver or Gold Monogram Belt Buckles shown by Frank Byrns Hat Store.

TWO BIG FEATURES
Motion Picture Dancing Lessons

In three parts. This is the greatest novelty since the invention of motion pictures. It is something absolutely new and actually teaches

The Tango, Turkey Trot and Hesitation Waltz

Every step and movement of these dances is demonstrated so thoroughly that with just a little practice you can become perfect dancers.

The lessons are given by Wallace McCutcheon and Miss Joan Sawyer, the summer's sensation at the New York Theatre Roof Garden, and instructors to the "400." This feature will be the sensation of the age.

A great two-reel feature "THE VAN WARDEN RUBIES," has a feature cast. It's a marvelous mystery story, full of superb acting. You will be kept guessing clear to the finish.

Bell System

The Long Distance telephone is an important factor in locating people in emergencies.

In the absence of the name, Bell operators can often find parties wanted if furnished a street address, occupation or other means of identification.

Messengers are on duty at railroad stations and other centers, and are frequently able to intercept travelers by description and bring them to a telephone.

Toll charges on such messages are no higher than ordinary rates for the service rendered, and in most cases the results cannot be computed on a money basis.

Use the Long Distance Lines

Individual VS Corporate Administration

Just think of the many reasons for not appointing an individual as your executor and trustee.

An individual may waste your estate thru carelessness or ignorance, may be too busy to give your estate proper attention, may lose his reason, may remove from the community, may die, resign or be out of town when most needed.

Against this, think of this company always here and ready and competent to act, giving your estate watchful and systematic attention, and you are sure of prompt, responsible, reliable and trustworthy service when you appoint this company executor or trustee.

And the cost of this service can be no more than that of individual administration.

INSURE YOUR ESTATE WITHOUT COST

ZELL'S GROCERY

HOUSEWIVES

Do you know that W. D. Cody sells the best and highest quality flour in Jacksonville and that the name of that flour is

Zephyr! Zephyr!

To prove this statement we point to the record made at the state fair baking contest in Springfield. The winners in this bread show were: First Prize (sweepstakes) Mrs. A. A. Johnson, 1313 South 19th St., Springfield. Second Prize (sweepstakes) Mrs. C. H. Jones 1119 Bond Ave., Springfield. Zephyr flour thus won both first and second prizes over bread from twenty other brands of flour. The loaves displayed were baked from twenty-two brands in addition to Zephyr, some of the best known and most advertised brands on the market today like Seal of Minnesota, Gold Medal, Pillsbury, Cerecota, Occident, A Ristos and Snow White. It was easily shown that Zephyr flour had no equal among them.

Why not pay cash and get the highest quality flour here at a saving of 25 cents to 45 cents per sack.

W. D. CODY

220 West Court St.

Phones: Bell 491; Ill. 557

THE JACKSONVILLE JOURNAL
Established 1843
Published by
JACKSONVILLE JOURNAL CO.

To erect a new light plant in Jacksonville by the issuance of \$50,000 in bonds will not prove a burden to the tax payers. If a man or woman owns a piece of property valued at \$3,000, the assessed value thereof, is \$1,000. To such a property owner the total tax on account of light bonds the 1st year will be \$1.30 and this sum will decrease slightly each year for the period of 20 years until the total amount of the bonds and interest have been paid.

AN ECONOMY IN COM-

BINING THE PLANTS.

Springfield Register: Opponents of the amalgamation of the municipally-owned water and light plants may launch as a stupendous argument against the plan that the commission of public property has red hair. They may say he has "replied but hasn't answered" or visa versa, but as a well known citizen expressed it yesterday:

"He has the goods."

One economy among others that will be effected by combining the plants is found in a comparison with the operating force necessary to run the combined water and light plants of Decatur. Total, thirteen.

There are twelve men and a supervising engineer employed at the combined water and light plants of Decatur. Total, thirteen. There are ten men and one supervising engineer employed at the Springfield city-owned light plant operated for municipal purposes only. There are ten men and a supervising engineer employed to operate the Springfield city-owned pumping plant at the waterworks. To twenty-two.

Decatur is furnishing electricity from its city plant for 750 arc lamps as against 700 in Springfield.

By operating the light and water plants conjunctively Decatur effects quite a saving in operating expense. Springfield can do the same.

The economies in other ways will be far greater.

Our display of Xmas novelties is bigger than ever this year. **SOME WONDERFUL VALUES IN 25c, 50c and \$1.00 ARTICLES, in new Sterling Silver, Parian Ivory, Leather, Stationary, Umbrellas, Handkerchiefs, Fancy Ribbons, Art Goods, Dolls, Neckwear, F. J. Waddell & Co.**

POULTRY ASSOCIATION CUPS

ARE ON EXHIBITION.

The cups which will be awarded members of the Morgan County poultry association in the coming show were placed on exhibition Saturday in the window of A. R. Taylor's grocery. They will remain there until the beginning of the show, Dec. 19. They include the Andrew Russell, City of Jacksonville, Judge Heimlich, White Wyandotte, Robert Tilton, Judge Brockhouse and Association cups and will be rewarded respectively for the best pens of Orpington's, Rhode Island Reds, Bantams, white Wyandottes, Plymouth rocks and Mediterranean classes. The poultry association cup will be awarded the largest exhibitor.

Grace church Christmas Bazaar and turkey supper Tuesday afternoon and evening, Dec. 2.

WIN AT GREENE COUNTY SHOW.

J. C. and P. Weber have returned from Carrollton, where they attended the poultry show. They had a string of their Orpingtons entered in the show and won as follows: 1st, 2nd, and 3rd hen. 1st pullet; 1st, cock; 1st, cockerel and 1st pen. They won the White Hall cup for the highest scoring pen in the English class. This cup was donated to the Greene County Association by thirty ladies of White Hall and is valued at \$25.00. The Weber's also and the highest scoring bird in the show room and won several dollars in cash. Mr. and Mrs. Weber were treated royally by the Greene County folks and made many friends that they will not soon forget.

All the newest shades in colored Plumes, and Fancy Ostrich, at half price Monday only. H. J. & L. M. Smith.

REBEKAH LODGE NO. 13

INITIATE 4 CANDIDATES.

Four candidates were given the initiatory degree at a meeting Friday evening of Rebekah lodge No. 13. They were Mr. and Mrs. Joseph Roberts, Mrs. Nellie Hamilton and Miss Inez Cummings. A report was given by Mrs. Ada Robinson of the recent meeting of the Grand lodge in Springfield. A social hour was enjoyed after the work, and refreshments were served.

Largest line of bags, suitcases and trunks is shown by Garland & Co.

WILL ASSUME DUTIES MONDAY.

Justices of the peace and constables who were elected to office recently and have qualified by filing bonds will enter upon their duties tomorrow, the first Monday in December as provided by law.

SUMMONED BY ILLNESS.

Mrs. Margaret King Gifford of Hillsboro is in the city, summoned here by the serious illness of Miss M. E. King of 1144 South Main street.

MATRIMONIAL

Miller-McCarthy.
Word was received in the city Saturday announcing the wedding of Myron Miller of Franklin and Miss Florence McCarthy of this city, which took place in St. Louis. The ceremony was performed by Rev. T. J. Coffey, pastor of St. Leo's parish. They were accompanied by Miss Jennie McEvers of this city, an aunt of the bride. Miss McCarthy made her home in this city with her aunt at 341 East College street.

BRENNAN'S are now showing the most complete line of toys in the city.

RETURN FROM TENNESSEE.

Postmaster and Mrs. J. J. Reeve Mrs. Homer Wood and children have returned from a visit with Mr. and Mrs. Arthur Reeve at their farm near Lawrenceburg, Tenn. The Jacksonville people enjoyed their visit in the south greatly. Mr. and Mrs. Mawson and Mr. and Mrs. Reeve who live near Lawrenceburg are both pleasantly located.

Many new novelties for men's gifts are shown by Frank Byrns Hat Store.

King's needlecraft from Springfield at Dunlap House Monday and Tuesday.

PURE MILK IMPORTANT.

Every day the public seems to be coming into a fuller appreciation of the value of pure milk such as can be supplied by the Jacksonville Creamery company. The equipment at this plant is of the most modern type and the output is guaranteed to give satisfaction. Telephone your orders.

WILL RESIDE IN CITY.

Charles Gordon and family of Hardin have come to Jacksonville with the expectation of making this city their home. They are visiting relatives for a few days previous to removing to a permanent location.

MINISTERIAL ASSOCIATION.

The Jacksonville Ministerial association will meet at the Y. M. C. A. Monday morning at 10 o'clock. Dr. A. B. Morey will speak, taking for his subject, "The Advantages of the Modern Minister."

CITY AND COUNTY

C. E. Newby was among the Joy Prairie visitors in the city yesterday.

Mrs. W. T. Dunn was a shopper in the city yesterday from Markham.

E. T. Story of Nortonville was a business caller in the city yesterday.

Misses Veda and Edna Colby are spending Sunday with friends in St. Louis.

W. E. Harney and son Lee were Murrayville visitors in the city yesterday.

James Seymour was among the Saturday Jacksonville visitors from Franklin.

Miss Adelaide Rawlings was among the Franklin shoppers in the city yesterday.

L. S. Doane returned yesterday from Pleasant Hill where he went on business.

Miss Lela Paschall of Markham has returned from a short visit with friends in Jerseyville.

Miss Regina Smith of St. Sterling is in the city for a visit with her sister, Miss Kate Smith.

Miss Anabel Crum and Mrs. Ed. Litter were among the Saturday Litterberry visitors in the city.

Miss Margaret Kendrick of Springfield is the guest of Miss Elizabeth Sloan on East Lafayette avenue.

Mrs. Elizabeth Coyle of Peoria will return today after a few days visit with Jacksonville relatives and friends.

Among the Murrayville visitors in the city Saturday were T. E. Rea, J. J. Loneragan and son, Louis and Harry Cade.

Mrs. William Floreth and daughter Mary have gone to Centralia to visit Mrs. Floreth's mother, Mrs. Sarah Huntington.

Miss Sarah Hubble of Springfield, Mo., who has been the guest of Mr. and Mrs. J. W. Hubble left yesterday for a visit in St. Louis.

Mrs. W. L. Dorgan and family arrived in the city last night from Missouri and are at Mrs. Oliver's 518 North Church street.

Miss Grace Nebold of Farmer City, who has been a guest of her mother, Mrs. A. S. Nebold of Prospect street, will return to her home today.

Mrs. J. T. Little, Mrs. E. J. Edmunds, Mrs. George Miller and J. B. Corrington and family were among the Alexander people who visited in Jacksonville Saturday.

Miss Bess Breckon, who has been spending the Thanksgiving recess with her parents, Mr. and Mrs. J. V. Breckon, expected to return to Kansas City tonight, where she is a teacher of Domestic science in the public schools.

J. Fred Sharpe has received a post card from Judge and Mrs. Charles A. Barnes who are in Europe, stating that they thoroughly enjoyed their stay abroad. They are just now at Leaming in the vicinity of Stratford, England.

AURORA DESERVES NAME OF WELL LIGHTED CITY

CITIZENS ARE FIRM BELIEVERS IN MUNICIPAL LIGHT PLANT OWNERSHIP.

Have Splendid Boulevard System in Business District and Arcs and Tungstens in Residence Portions—Water and Light Departments Produce Current in Common—Facts About the Systems Used.

"What do people in Aurora think of municipal ownership?" said a Journal reporter recently to the manager of one of the daily papers in Aurora. "They think might well of it was the quick response and a citizen would hardly dare to suggest the matter here of surrendering our light plant."

An investigation in Aurora reveals the fact that the city owns a light plant which represents an expenditure of about \$85,000. It furnishes the current for more than 1,000 tungsten lamps in the business district and about 500 arcs in the residence district. However, some of the arcs are now being replaced with 200 K. W. tungsten lamps and this is the course to be followed in still other instances in order to provide a more uniform and equal distribution of lamps.

Merchants Paid for Boulevard System.

The city electrician, W. E. Barclay tried for a while using 100 K. W. lamps but has determined that more satisfactory service is given by the lamps of higher candle power. That the business men or Aurora take an interest and pride in their local plant is evidenced by the fact that the boulevard system of lamps in the business district was installed by private enterprise. The merchants banded themselves together and it was agreed that a boulevard system of lamps should be installed, the property owners to pay one half of the expense and the tenants the other half. This was done and when the work was completed the system was presented to the city which has since maintained it and furnished the current.

One who visits Aurora after night fall and walks about the business district where the boulevard lamps are blazing and then out into the residence portion which is lighted in most cases by enclosed arcs with here and there a 200 K. W. tungsten will feel ready to agree with this statement that Aurora can properly be called one of the best lighted cities in Illinois. The light and water departments are operated somewhat in unison although they are in most ways entirely distinct. They are operated together in so much as the light and water plants are in the same building outside the city limits. This plan of course results in a great saving of fuel and also in a saving of labor and of investment in equipment.

The coal used is mine run from the Cartersville district and costs about 50 cents a ton more than is paid for the Springfield nut coal used in the Jacksonville plant.

Light and Water Costs Divided.
At Aurora 1-3 of the coal cost is charged up to the light department and 2-3 to the water department. In all other matters the departments are operated separately. In this connection it is a fact worthy of note that the receipts of the water department average about \$60,000 and this money is all used for the expenses and development of the city's water supply. In this way a considerable sum can be utilized each year for extending the system or

providing new equipment. In Jacksonville, the receipts of the water department last year were over \$28,000, showing a profit of more than \$1,000 a month above expenses of the department but all of this surplus of necessity was put into the general fund for the payment of city bills. Thus far in 1913 the collections here are over \$26,000, and the returns from the additional two months collections will bring the total up to \$32,000. The plan of operating the light and water departments together so far as the producing of power is concerned was adopted in Aurora just as a matter of economy. The departments are under the general supervision of a board of public works made up of five citizens who meet twice each month and receive salaries of \$2.00 for each regular meeting. The combination power plant results in the production of current at a much less figure than could possibly be true if it was necessary to have separate equipment, separate labor, and separate coal supplies. Bloomington follows the same plan of operation, and over in Springfield, Commissioner Spaulding is heading a movement to bring to pass the same plan.

The Aurora electric plant and gas plant owned by a private company gives good service which satisfies the public and the maximum charge for electric current is 12 cents with two cents off for payment by the tenth of the month. The price of gas is 95 cents with five cents off for payment by the tenth. Lower rates are charged for both gas and electric current to large consumers.

The reports of all municipal officers are published each year in book form and the last report of W. E. Barclay the competent city electrician of Aurora gives the following interesting data and summary:

Power Plant.
The municipal power plant is operated in the same building as is occupied by the pumping station of the water department.

The generating equipment consists of one 300 k. w., 2-phase, 60-cycle, 2300-volt alternator, and one 100 k. w., 2-phase, 60-cycle 2300-volt alternator, direct connected to 450 h. p. and 160 h. p. engines respectively.

The exciter sets for energizing the generator fields are separately belt driven.

Each engine is furnished with condensers and pumps.
A 7½ k. w. d. c. generator, driven by a small engine is used for furnishing current for the station lighting when the other units are idle.

The switchboard equipment consists of two generator panels and four arc panels, each capable of controlling two arc circuits.

Four 100-light Western Electric Co. transformers and regulators care for the eight arc circuits.

Month	Wages	Coal Acct.	Oil Waste & Compound	Mach. Repairs	Monthly Total
January	\$404.50	\$1,020.17	\$71.14	\$82.47	\$1,556.28
February	412.00	816.14	56.19	8.41	1,270.74
March	406.60	740.45	51.63	47.09	1,225.77
April	412.00	659.76	48.72	62.79	1,161.27
May	412.00	669.80	35.34	18.19	1,195.05
June	412.00	506.80	44.94	92.23	1,195.05
July	417.00	579.19	40.39	58.12	1,072.70
August	417.00	648.30	45.21	31.52	1,120.03

October	410.50	845.76	58.98	27.99	1,321.23
November	418.33	931.32	64.95	9.95	1,401.65
December	417.00	1,099.16	76.65	24.56	1,595.37
Total	\$4,955.93	\$9,333.07	\$651.06	\$625.42	\$15,301.48

During the year 1912, 28 new locations were lighted. All new extensions were lighted by means of Series incandescent lamps placed on the existing arc circuits. The extensions of the city lighting service has so far been accomplished without increasing the present station apparatus.

The 485 locations now lighted plus the 1,000 multiple tungsten lamp of the decorative light system is about all that can be spared for unless the present station equipment is increased.

Two more decorative light posts were installed on New York street, making a total of 54 five-light posts and 226 three-light posts.

A detailed table of expenses for the two lighting systems follows:

OYSTER SUPPER.
The ladies of Northminster church will give an oyster supper at the church Monday, December 1 from 5:30 to 9. Coffee, ice cream and home made cake.

REMEMBER THE DANCE AT MORY HALL, DECEMBER 3.

BACK TO VIRGINIA.

L. H. Oakes of Jonesville, Lee County, Virginia was in the city yesterday on his way back to the state which had been well named the mother of presidents. For some months past he has been working for Clifford James of this county. Twenty years ago he worked for W. D. McCormick for whom he entertains a high regard yet as an honest fair minded and kind employer. He says where he lives a farm hand gets fifty cents a day and dinner but he says he has a little farm and means to work that and not labor much more for other people. He has a wife and no children and seems to be a hard working, honest man.

THANKS TO PUBLIC SCHOOLS.
The management of the associated charities desire to return sincere thanks to the public schools for generous contributions Thanksgiving day. This kindness of the pupils will long be remembered gratefully.

NATIONAL SUFFRAGE CONVENTION OPENS

FINANCIAL AFFAIRS CHIEF TOPIC OF DISCUSSION.

Estimated that More than One Thousand Accredited Delegates Will Attend Sessions—Removal of Headquarters From New York to Washington to Be Fought Out On Floor.

Washington, Nov. 29.—Financial affairs of the National American Woman Suffrage association form the chief topic of discussion at the 25th annual convention of the association which began here today in connection with the sessions of the National College Woman's Suffrage association and the Suffrage school to be conducted by the Congressional union.

The association's financial affairs will be brought formally to the attention of the convention on Tuesday when a committee will present an amendment to the constitution to provide an additional tax upon the budgets of the constituent organizations. The members of these organizations already are taxed 10 cents annually for the support of the national body.

Most of the 500 accredited delegates to the convention have arrived. Many alternates are here to attend. It is estimated more than 1,000 accredited delegates and alternates will attend the sessions.

The formal meetings of the convention will not begin until Monday.

Federal Suffrage Amendment.
Addresses of welcome and the responses are to be followed by a celebration of the suffrage victory in Illinois. Then will come an address on the Federal Suffrage Amendment and the annual address of the associations' president, Dr. Anna Howard Shaw.

The first real business session begins Tuesday morning with the presentation of the report of the committee that framed the financial amendment to the association's constitution. Already there have been expressed a variety of opinions on the advisability of adopting the amendment, especially among the membership of the larger state organizations and the great independent bodies which only with the last year or two finally became affiliated with the national association.

The independent bodies contend that as they are large and collect large sums for the advancement of the suffrage cause their tax for the support of the national body will be out of proportion. On the other hand the national officers contend that the new financial scheme is made necessary if the national body is to push forward the campaign for universal suffrage in this country. They declare that the 10 cents a member tax is not commensurate with the dignity of the national body nor the cause that it represents.

The independent bodies are powerful, but according to the national officers their activities heretofore have been directed toward advancing the cause of their respective localities. One of these is the Congressional Union of Washington, organized for the advancement of the federal constitutional amendment through congress.

Another is the Woman's Political Union of New York. Both have large budgets and under the proposed new fiscal plan they would be taxed heavily to support the national organization.

Removal of Headquarters.
Another subject to be fought out on the floor of the convention will

be the removal of the national headquarters from New York to Washington. That question, however, is one that arises at each annual convention and therefore will not command the attention given to the finance amendment. Washington suffragists are planning a campaign to regain the headquarters.

The preliminary work of the convention will be done tomorrow by the credentials committee, which will examine the credentials of the delegates. Its report will be presented Monday. National officers do not anticipate any difficulties in the seating of the delegations. The national board also will hold its annual meeting tomorrow and the executive committee will meet at night.

To Hold Mass Meeting.
A great mass meeting will be held Sunday afternoon at which Dr. Anna Shaw, president of the national association, will preside. Among the speakers will be Miss Jane Adams of Chicago, and Senator Helen Ring Robinson of Denver, member of the Colorado senate. At night a reunion of the delegates will be held at a local hotel.

Celebrate Illinois Victory.
The great Illinois celebration will be held that evening and many prominent Illinois women will take part. Among them will be the women who lead the actual fight for the suffrage amendment in that state. The first speaker will be Mrs. Grace Wilbur Trout, president of the Illinois Suffrage association. She will be followed by Mrs. Sherman K. Booth, chairman of the legislative committee; Mrs. Catherine Vaughn McCollough, Mrs. Medill McCormick, Mrs. Ella S. Stewart and Mrs. Antoinette Funk.

Miss Lucy Burns, vice chairman of the Congressional Union for Woman Suffrage, will discuss the national suffrage amendment. She will deal with the efforts of the union to further the passage by congress of the equal suffrage amendment to the federal constitution. Dr. Shaw, the president will close the evening's meeting with her annual address.

New Constitution.
Consideration of the new constitutional and a conference on methods for furthering the suffrage movement will come up Tuesday. That evening the Men's league will hold a meeting, presided over by James Lees Laidlaw, president of the league. Among the speakers will be Senators Bristow of Kansas, Thomas of Colorado, and Owen of Oklahoma, Representatives Murdock of Kansas and J. W. Bryan of Washington, and former Mayor George Creel of Denver.

To Hear State Reports.
The various state organizations will make their annual reports Wednesday. They will detail their progress in furthering the movement in the various states and discuss plans they have made for the future. Presentation of new business will follow after which another conference on methods will be held, led by Miss Helen Hacker of Lawrence, Kansas.

On Wednesday night Federal Judge Julian W. Mack will discuss "Women and Children in the Courts." Judge Mack was formerly judge of the juvenile court at Chicago. Judge Harry Olsen of the Chicago domestic relations court, Miss Maud Miner, probation officer of New York city, and Miss Katherine Davis, superintendent of the Bedford, N. Y., re-

formatory, also will speak.

Both morning and afternoon sessions of Thursday will be devoted to the business of the convention, while at night Mrs. Carrie Chapman Catt, president of the International Woman's Suffrage association, will deliver an address on the international aspects of the feminist movement. She will be followed by Mrs. Thomas Hepburn, president of the Connecticut Woman's Suffrage association.

The convention closes Friday, although practically the last business of the sessions will be ended the day previous. The executive committee will hold its final meeting in the afternoon and the official board meeting will be held in the evening.

SEE XMAS DISPLAY.
In Mrs. Stallings' window, 206 East State street today.

Have you seen the suits Garland & Co., are showing priced at \$15.00? They're dandy.

SERIES OF SERMONS.

The following Sunday evening topics will be presented at the Northminster church by the pastor, Rev. W. E. Spoons:

Nov. 30.—"Religion and Its Relation to Our City Government," or "The People and Our City Officers."
Dec. 7.—"Religion and Its Relation to Business," or "The People and Our Business Men."
Dec. 14.—"Religion and Its Relation to Education," or "The People and City Schools and Colleges."

Dec. 21.—"Religion and Its Relation to the Church," or "The People and Our Preachers."
Dec. 28.—"Religion and Its Relation to the Labor Question," or "The Church and the Laboring Man."

Jan. 4.—"Religion and Its Relation to Society," or "The People Themselves."

Dec. 1st and 2nd, the ladies of Jacksonville can see King's needlecraft at Dunlap House.

Mrs. W. A. Crouse and son, Andrew, were in the city yesterday on their way from their home in Concord to Murrayville to visit Mrs. Crouse's parents, Mr. and Mrs. J. T. Neal.

Fancy Ostrich and Colored Plumes at half price on Monday only. H. J. & L. M. Smith.

Albert Reed and daughter Elizabeth have returned from Waverly and will be here till Monday when they expect to proceed to their home in Newton, Ia.

Garland & Co., have just received a new shipment of fifty neckwear.

ST. LOUIS PLAYERS TAKE IN LEAD IN BOWLING EVENTS

St. Louis Bowlers Lead in Two Men and Single Events in Tournament.

St. Louis, Mo., Nov. 29.—Competition in the two men and single events began today in the middle west bowling tournament. St. Louis players took the lead in both events. The five high scores of the two men events follow:

W. Ferguson and W. O. Havens, Duff's team of St. Louis, 1185.
C. R. Avis and J. W. Reed, Golden Rods of St. Louis, 1185.

Fred Coffman and Frank Engel, Burke's team of St. Louis, 1093.
J. Coughlin and J. Brueggeman, of Sioux City, Iowa, 1046.

T. H. Cooke and J. Hulen, Donnelly Stars of St. Louis, 1040.

The five high scores of the individual events today were:

W. Ferguson, St. Louis, 627.
J. W. Reed, St. Louis, 611.
E. M. Johnson, St. Louis, 593.
P. Beyre, St. Louis, 576.
A. Glessow, St. Louis, 568.

RIVERS' MANAGER DENIES

ANNOUNCEMENT OF MATCH

Johnny Dundee and Joe Rivers Were Said to Have Been Matched for Christmas at New Orleans.

New Orleans, La., Nov. 29.—It was announced today that Johnny Dundee of New York and Joe Rivers of Los Angeles had been matched for a ten round fight here Christmas day. It also was announced that Wilfred Ferns of Kansas City and Mike Gibbons of St. Paul, welterweights, would fight ten rounds here December tenth.

Wants Match with Ritchie.
Los Angeles, Cal., Nov. 29.—"Joe Rivers will not fight Johnny Dundee or anybody else at New Orleans or any other place on Christmas day," Rivers' manager said today. "In the first place I won't let Rivers fight on Christmas day," he continued. "And in the second, I am trying to arrange a match at Vernon Arena New Year's day between Champion Willie Ritchie and Rivers."

A TALE OF THE SEA.

Lucky Rescue of a Boy Who Was Lashed to the Branch of a Tree.

A sailor tells a tale of peril that is out of the ordinary. He was one of the crew of an English ship bound from British Guiana to Rio Janeiro. When off the mouth of the Parana river there came a calm, followed by a dense fog.

At 10 o'clock in the morning there came out of the fog the voice of a human being, calling for help. A noise in a fog is very deceptive, and this one could not be located, but an answering "hello" was given.

Suddenly something struck the vessel on the port quarter, and it was made out to be a tree, and in its branches was a native boy, lashed to a limb and almost unconscious. The tree was caught with a rope and the boy taken on board.

It was half a day before he rallied enough to tell his tale. He and his father had been hunting twenty miles up the Parana river when a sudden freshet came down. Both climbed the same tree, but it was rooted up and carried down the river. The father tied his son to a limb with his loin cloth, but before he could thus protect himself the tree tilted over, and he was swept away. The boy had been floating three days and nights when he was picked up.—St. Louis Globe-Democrat.

Our Longest River.

Our longest river is the Mississippi. There is no other stream within our borders that can stand a moment's comparison with the "Father of Waters." To be sure, there are some who claim that the really great river is the Missouri, that that stream is the main one, of which the Mississippi is only a tributary. But the claim is without foundation. The Missouri, from its source in the northwestern Rockies to its junction with the Mississippi at St. Louis, is a distinct stream from the one into which it empties near that point. It is quite true that from the headwaters of the Missouri to the gulf the distance is greater than it is from the headwaters of the Mississippi to the gulf, but in the one case it is two streams, in the other only one.—New York American.

The Dream Lion.

A Vienna professor is credited with saying that dreams are usually wish fulfillments. Maybe so. What about that childish dream in which the ferocious lion comes bounding along behind you, and you run as boy never ran before, and the lion closes the gap little by little, and then—all of a sudden—your legs grow limp and your muscles turn to water and your feet fray out, and the lion leaps—and you awake with a yell, if your voice isn't paralyzed, and everybody in the house wakes with you?—Cleveland Plain Dealer.

An Egoist.

"Here is another definition of an egoist."

"Let's have it."

"An egoist is a man who never disappoints himself, no matter how often he disappoints others."—Birmingham Age-Herald.

Same Answer.

"And so you married a poor man after all. What are you living in?"

"A little flat."

"And how do you find married life?"

"A little flat."—Pittsburgh Post.

ARMY ELEVEN DEFEATS NAVY AT POLO GROUNDS

FORTY-TWO THOUSAND SEE GREAT GRIDIRON BATTLE.

Multitude Which Packs Stands Includes President Wilson, the Cabinet Officers, and the Flower of the Military and Naval Service—Army Team Proves Surprise To Gridiron Fans, Winning By Score of 22 to 9.

New York, Nov. 29.—Forty-two thousand persons this afternoon saw the Navy go down in defeat before the Army eleven on the Polo Grounds. No greater throng was ever seen an Army-Navy game. The score was 22 to 9.

The multitude which crowded the stands included President Wilson, the secretaries of war and of the navy, other cabinet officers, senators, congressmen and the flower of the military and naval service.

Set in an oval of humanity was the re-made gridiron, protected from the rain until this afternoon by a twelve inch blanket of straw. To the south was the Army stand, to the north stood the Navy.

President Wilson and his party followed precedent in dividing their time at the game between the contenders. The president was a few minutes late and the game did not start until he had taken his seat in an upper grandstand box almost directly over the Army stand. When the first half ended he was escorted by Secretary of War Garrison, Secretary Daniels and Assistant Secretary Roosevelt to the navy side.

As the Army battalions marched upon the field, headed by the cadet band, the crowd cheered. Down the side lines marched the band, the battalions of gray and gold following in columns of four. Around the field they marched, then followed the band the length of the field down the center, fifty abreast, turning by fours, reforming in long lines and halting before the south stand. As they marked time the Navy eleven ran out on to the field.

Meantime a flourish of bugles announced the approach of the Naval battalions. It was nearing time for the game and they did not circle the field as the Army had done, but marched straight down the center.

Across the shoulder of each man's long blue overcoat gleamed a gold band, from each man's hand, waved a gold pennant. When they reached the stand the blue was hidden by a moving forest of golden standards and streamers. "The Army eleven scurried out on the field. A great cheer went up. Across the field the blue and gold cheered the Army; and the Army, with the bare of many bugles and the roar of many voices, gave back a cheer of greeting to the Navy.

The blue coated and gray-garbed cheer leaders swinging megaphone darted out to the side lines and took their stand before each battalion. Then came the tumult of rival cheers and songs drowning the torrent of applause from mere civilians as the eleven took their places.

Celebrates With Usual Rush.

At the end of the game, the Army celebrated with the usual rush to their colors. From the stand they stormed the field and danced in a great circle over the gridiron. The circle widened until the line of gray clad men surrounded the field. In the center were planted Army colors. As the crowds surged out on the field, from the grandstand two stalwart youths in gray overcoats climbed to the top of the Navy's goal posts and nailed the Army colors there. President Wilson, who had waited for the last act of the encounter saw them. He turned to Secretary Daniels.

"That was worthy of a sailor," the president said, and Secretary Daniels agreed with him.

Cadets Strong in Second Half.

Completely outplayed during the opening period of the game, the cadets swept the sailors off their feet in the second half of the contest by a combination of brilliant individual and open team play that quickly rolled up in an overwhelming lead.

With victory in sight for the first time in four years, the West Point team scored rapidly and finished the game with a total that has not been exceeded by either academy in ten years.

The repeated use of the forward pass by the cadets opened up the play to a far greater extent than the more conservative line attack and end runs of the Middles, thus furnishing the spectators with many brilliant football pictures and the Army a vehicle of victory. It was in the execution of this plan that the Army's advantage lay. In the opening quarter, the two eleven's played the usual eastern game. At this period the advantage lay entirely with the Middles, who used their weight and speed for consistent gains. Near their own goal line the Army held firmly and Brown, the Middles' right guard, was called back to the Cadets' 20-yard line whence he kicked a placement goal. In the second period, he duplicated the feat after Hoge dropped one of Nichols' punts and Gilchrist recovered.

The Army got into action in this quarter also and sent the score seeing with a field goal and touchdown. Early in the period the soldiers gained the ball on the Navy's 10-yard line as a result of a blocked punt from Nichols' toe.

Navy Line Is Powerful.

The West Point backs could make no impression on the navy line and Woodruff, who replaced Jonett for the occasion, kicked an easy goal from placement, on the Navy's 25-yard line. Just before the quarter ended Pritchard caught one of Nichols' high punts at mid-field and raced fifteen yards toward the Middle's goal before he was downed. Three times in succession, then, Pritchard

hurled a forward pass. The first two were uncompleted but the third shot squarely into the hands of Merrilatt, the Army right end who had run across the Middles' goal line. McEwan failed to kick the goal from touch-down.

The Navy added another goal from placement in the third period when Nichols by clever running back of Jonett's punt, placed the ball on the Army's 25-yard line. Checked by the soldiers' defense Brown scored his third and last goal from placement, kicking from the 30-yard line mark. With the points nine all, the cadets opened another brilliant attack. Merrilatt with little or no interference, ran from the Army's 45-yard line to the Middles' one-yard mark before he was tackled from the rear by Gilchrist. Two line plunges with Captain Hoge carrying the ball scored the second touchdown and McEwan kicked the goal, making the score Army 16; Navy 9.

Cadets Score Third Touchdown.

Not satisfied with this lead the Cadets set out to revenge themselves for the defeats of recent years and succeeded in adding another touchdown. Immediately following the opening of the final period Captain Hoge caught one of Nichols' low punts on the Army's 45-yard line and ran unaided to the Middles' 20-yard mark before Brown pulled him down. On the next line-up Hoge tore through the fast weakening sailors line for eight yards. Again Pritchard elected to try for a forward pass and again it was Merrilatt that caught the flying spheroid behind the Navy goal line for the third touchdown of the game.

The ball was downed to the extreme right of the goal posts and the punt out was a failure, leaving the final score Army 22; Navy 9.

During the sixty minutes of play the Navy eleven failed to show the consistent advancing power that had brought them seven victories by big scores in the eight preliminary games of the season. While the Army did not as a team successfully diagnose the attack, the desperate charging and tackling of the cadets upset the interference and brought down the runner with little or no gain. Nichols who played under the severe handicap of running the team and the ball repeatedly was outplayed by Jonett and the Army ends covered the latter's punts better than did the Middy wing tips.

It was distance gained by exchange of punts and in running back punts, that usually put the Army in a position for a score.

Three Passes Are Successful.

Once within the scoring zone the cadets relied mainly on the forward pass of which they tried twelve during the game. Three were completed and of this trio two resulted in touchdowns. A fourth was intercepted and eight were uncompleted. The Middles tried six forward passes one being intercepted and five grounded.

Although the attack and defense of the two teams lacked the cohesiveness seen in some of the preceding games of the eastern season there was no lack of individual brilliancy

and daring play. Brown in kicking three placement goals in three tries from an average distance of 24-23 yards gained a place in the 1913 football hall of fame as did Pritchard and Merrilatt for their operation of the forward pass. Nichols, the Middy quarterback showed a heavy burden of play and responsibility and came through the contest with much credit. Markoe and Merrilatt more than held their own with the famous Navy ends—Ingram and Gilchrist—while Wynne and McEwan did yeoman work in the Army line.

In the Navy back field McReavey shared honors with Nichols while Hoge, Pritchard and Jonett were effective both on the offense and defense in the Army back field. Coach Yost of Michigan, who spent several days at West Point this week, also is mentioned by Army men in their songs of victory tonight.

REDUCE THE COST OF LIVING

C. J. Brand of the Department of Agriculture in the address before the American Association of Colleges a few days ago said: "Our department is advocating more direct buying to reduce the cost of living."

This means that the U. S. government recognizes that one of the main factors in the high cost of living is the paying tribute to one or more middlemen, each of whom add to the actual cost a certain amount of expense for profit. Until the article is finally in the hands of the consumer, it costs him two or three times as much as the original producing cost. Therefore, when buying from us you buy direct.

We are the producers and sell direct. We take the raw materials, cloth linings, etc., which we buy direct from the mills, cut and make your garments, deliver them to you direct without your paying one cent tribute to the middlemen.

You are paying only one expense—one profit.

You are leaving almost all of your money at home.

You are giving work to a dozen families and as many more helpers.

You are getting a garment tailor-made to your measure for the same or less than you pay for others.

You have a garment which we guarantee will look as well after a season's wear as when new.

You have only a trial to make to prove the truth of these assertions and to be convinced of the opportunity that lies at your hand for the taking.

JOHN M. STOUTMr. Stout, who is a Jacksonville
product is now recognized as one of
the prominent and successful play
managers of the country. He is at
present manager of John Cort's pro-
duction of McIntyre & Heath's in
"The Ham Tree," which is to appear
in Jacksonville December 9. When
"Jack" Stout was playing in the
old Jeffries band here in Jack-
sonville, neither he nor his friends ex-
pected that he would rise to the
prominent place he now occupies in the-
atrical management. His first work
as a manager was with W. B. Pat-
ton, whom he managed for 9 years,starring in "The Minister's Son."
Then he took the original "Madame
Sherry" company from the Colonial
in Chicago to the New Amsterdam
in New York. "Madame Sherry"
was one of the most notable suc-
cesses of the past ten years. Then
Mr. Stout managed successfully a
tour for Francis Wilson and later
when John Cort produced "Miss
Princess" with Lina Abarbanell in
the stellar role Mr. Stout was the
manager. In the spring and sum-
mer months Mr. Stout managed a
Pacific coast tour for the all star
cast in "Fine Feathers" and a fewweeks since when McIntyre & Heath
and company opened at Toronto.
John M. Stout's name appeared on
the program as manager for Mr.
Cort. The company has been play-
ing in St. Louis for a week and will
go to Indianapolis for a week be-
fore coming to Jacksonville.**BIBLES.**

**STATE MONEY FOR
VOCATIONAL SCHOOLS**Definite state aid for vocational
schools is a part of New Jersey's new
provision for industrial education, as
enacted by the 1913 legislature and
outlined in a bulletin issued by the
New Jersey board of education. Of-
ficials of the United States bureau
of education who have examined the
plan say it represents one of the
best beginnings yet made toward ad-
equate vocational training by the
state. The New Jersey work is un-
der the direction of L. H. Carris,
whom Commissioner Kendall desig-
nated as deputy commissioner in
charge of vocational education.**A Practical Arrangement**
The New Jersey plan provides that
any school district, whether city,
town, township, or borough, as well
as any county, may start vocational
schools and get state money for their
support. Separate schools may be
organized or departments established
in existing schools, according to
local convenience. The thorough
practicalness of the plan may be seen
from the recommendations for effi-
cient members of advisory boards for
the vocational schools: If the training
is for the industries, then two of
the members are to be an em-
ployer and an employee respectively,
representing distinct trades or occu-
pations. Where the school is one
that trains for home duties, it is sug-
gested that the members shall be
persons "who have had actual expe-
rience in the occupations carried on
in the household, as mistress of a
home, house daughter or housekeeper."
Similarly, an advisory board
for an agricultural vocational school
is expected to have as members at
least three successful farmers of the
neighborhood.**Amount of State Aid.**
The local community furnishes the
building and one-half the cost of
equipment and maintenance, while
the state pays the other half of the
cost, the amount not to exceed \$10,-
00 in any given year for any one
school. The school must be officially
approved by the state board of edu-
cation before it can receive any money.
The sum of \$80,000 has been
authorized by law for the year. "In
brief," says Mr. Carris, summing up
the plan, "The state will give money
for the equipment and maintenance
of approved vocational schools on a
dollar-for-dollar basis, in proportion
to the amount spent by the local com-
munity out of funds raised by local
taxation to the amount of \$10,000
annually."The New Jersey authorities are
particularly insistent that vocational
schools shall be established only after
a community has given careful
consideration to its vocational needs.
A list of questions is suggested, by
means of which the local community
can find out, first, whether the in-
dustrial needs of the neighborhood
demand better vocational facilities;
and second, just what type of schools
—day, evening or part time—may be
necessary to meet local requirements.**REMOVAL NOTICE.**
I have removed my office to num-
ber three Unity building.
AMOS HENDERSON.**NOTES FROM THE
LABOR WORLD.**The great strike of longshoremen
in New Zealand has collapsed.In Sweden public employment bu-
reaus are maintained by the govern-
ment.The International Brotherhood of
Electrical Workers has voted to es-
tablish a home for sick, incapac-
itated and aged members.Thirty-nine million dollars was
paid out in old age pensions in Eng-
land and Wales during the last fiscal
year.The successor of James M. Lynch
as president of the International Typo-
graphical union will be selected by
referendum vote next May.Forty thousand employees of the
Pennsylvania railroad east of Pitts-
burgh are soon to be merged into one
great labor organization.Sixty-five thousand workmen in
northern Russia recently went on
strike as a protest against the trial
of a handful of factory employees on
a charge of illegally quitting their
employment.James O'Connell, one of the mem-
bers of the federal industrial com-
mission, is one of America's best
known labor leaders, having been
president of the International Asso-
ciation of Machinists for more than
20 years.Statistics show that a workman
is killed in the United States every
15 minutes of the day and every 16
seconds a mechanic is maimed, many
times so severely that he is no longer
able to pursue his trade.The general convention of the
Protestant Episcopal church, at its
recent session in New York, adopted
a resolution of protest against
the employment of children under
16 years of age in factories or mer-
cantile establishments.In Wood Green, a suburb of Lon-
don, there has been opened a labor
exchange for boys and girls leaving
school, the object being to find suit-
able employment for them and situa-
tions that, as far as possible, are
what they themselves desire.The local typographical union in
Schanton, Pa., has started a move-
ment to secure for Scranton the con-
vention of the International Typo-
graphical union in 1918, in which
year the organization is to celebrate
its golden jubilee or 50th anniversary.Figures compiled by the depart-
ment of labor show that in the lum-
ber manufacturing industry in the
United States since 1890 there has
been an increase of 29 per cent in
wages, while working hours have
been shortened almost 4 per cent.Neither President John P. White
nor Vice President Frank J. Hayes
was able to attend the convention of
the American Federation of Labor
in Seattle, because the strike condi-
tions in Colorado demanded their
constant personal attention.The annual report of Secretary
Frank Duffy of the United Brother-
hood of Carpenters and Joiners of
America shows that there are now
1,908 local unions and 218,794
members in good standing. The
union was organized in 1881 with a
membership of 2,042. New York
state now leads with 32,632 mem-
bers. The national organization has
a balance of \$187,537 in its treasury.**PRINTYPE****Receives the Plaudits of the Public.**Vigilant protector of people's eyesight, hailed a
benefactor by many thousands of enthusiastic
admirers. "Officer Printype" responds with
becoming modesty.Officer Printype says: "I am overwhelmed by the ovation which
has greeted my appearance in your midst. I am simply doing my sworn
duty in ridding the Business and Financial Districts of the Bad Char-
acters that for years have made Typewriters a menace to your eyesight. I
have mercilessly exposed and relentlessly pursued these dangerous Typewrite-
r Types, which are responsible for more cases of Defective Vision
than all other causes combined.""Report direct to my Headquarters, in the Oliver Typewriter Build-
ing, Chicago, any machine whose type is violating the Optical Law and
I'll have the offender haled before the court of Public Opinion."**Printype—
OLIVER
Typewriter**Printype is owned and controlled exclusively by
The Oliver Typewriter Company.America rings with praise and applause for Printype.
This superb new typewriter type has at-
tracted more attention than any typewriter inno-
vation brought out in recent years.Hundreds of thousands of people have seen this
new type and wondered what it was that made
Printype correspondence seem like a spoken mes-
sage. There's virility, strength and charm in Printype
correspondence. There's refinement and
"class" and style.Not because of its novelty—it's inherent in the
type.**A Vast Improvement**Printype is designed in shaded letters and numerals,
like the type in which books and magazines are
printed. It is book type transformed and adapted
to modern typewriter requirements.This radical departure from the old style "out-
line" letters makes it possible to produce, on the
Oliver Typewriter, a page of manuscript as clear
and attractive as that of the finest book. The Oliver
is the first and only typewriter that successfully
prints print.**The Primary Reason**Printype resulted from our discovery that "out-
line" type, with its sameness, due to absence of
shading, was harmful to the eyes.**The Silent Test**For months, without any advertising, we put hun-
dreds of Printype Oliver Typewriters into actual
service, in many diverse lines of business. We
wanted the public's verdict. It came in a burst
of admiration and a flood of orders that proved
Printype a brilliant success.Printype letters, wherever seen, excited the keen-
est interest. Business men who received the first
Printype letter almost invariably answered, post-
haste—"Where did you get that type?" Thus
Printype captured the country without firing a
single shot.**Price Not Advanced**The Printype Oliver Typewriter sells for \$100.
You can pay at the rate of 17 cents a day. The
"Printype" is our latest and best model. The new
type adds 25 per cent to the value, but not one
cent to the price. A small cash payment brings
the machine. (248)**Send Printype Coupon Now**If you or anyone in
whom you are interested
contemplate going to a
Business College, write

How Often Have You Thought of California

as a Place to Spend the Winter?

Some of your friends have spent winters there and told you of the wonderful sights and climate. Some are there now to welcome you.

Now to be real honest with yourself, don't you owe yourself the trip this winter?

The lasting income from money invested in this way cannot be duplicated in any other way. I have a money saving proposition to make to you on this subject. Let me tell you about it.

NO TROUBLE at all to answer questions—that's a part of Burlington service. Ask for our folder. It is printed especially for and distributed free to people like you. It tells all about the Burlington's Personally Conducted Excursions.

Al Brown, America's Champion Swimmer, Tries Panama Feat.

Photos copyright, 1913, by American Press Association.

Commodore Albert Brown, the champion long distance swimmer of the United States, endeavored to win the honor of being the first person to swim through the Panama canal from the Atlantic to the Pacific ocean. He started the long swim from Colon, but there was a hitch before he could complete the feat, and he temporarily postponed the attempt. Brown's greatest performance was in swimming from the Battery, New York city, to Sandy Hook, when he was in the water over twelve hours.

A SCHOOL FOR THE "HAND-MINDED."

"I like this school, because I never could have learned anything, and I am more use in the world." This is the way a girl pupil in the Elementary Industrial School of Cleveland, Ohio, describes her impressions of the new kind of school work, according to a bulletin just issued by the United States bureau of education.

The Elementary Industrial school was established to give "hand-minded" boys and girls a chance as the "language-minded" have always had. Cleveland was one of the first cities in the United States to make a distinction between the two types of children—those who take to books and those who do not. In Cleveland, as in most American cities, about half the children have been leaving school in sixth grade. The Cleveland school authorities saw that much of this waste was due to the attempt to force abstract intellectual effort on boys and girls whose interest was in doing things. The Elementary school was meant to meet this situation. To it boys and girls were admitted if they were over 13 years of age and were two or more years behind their grade in school.

In this school one-half of the time is devoted to English, mathematics, geography—history—the two in close connection—and to hygiene of a thoroughly practical character. The remaining periods are given to manual training and industrial work—including shop work—to domestic economy and gymnasium practice. A poll of the pupils showed that with the girls cooking and sewing were favorite subjects; with the boys, mechanical drawing and wood working. In other schools of the same type which it is proposed to have in Cleveland, it is probable that the course will be extended to include a year or more of definitely vocational or trade school work, in preparation for special employment.

The school has been successful, even in the face of adverse conditions. The enrollment has doubled in the past four years. Pupils who had long since lost interest in school work of any kind, some to the extent of being known as "dullards and incorrigibles," have become eager and alert, not only in the hand subjects, but in the academic work as well.

In speaking of the Cleveland work Prof. W. N. Hallmann, author of the bureau's bulletin, says: "The ordinary school was born among and for the language-minded. Intellectual and physical culture—not manual self expression and economic insight—was its aim. The industrial worker was practically excluded from it; he had no leisure for it, no time to engage in its play. This one-sidedness still clings to the school and it is hard to eradicate."

"The Cleveland Elementary Industrial school may not offer the best general solution of the problem, but it does offer a solution that lies in the right direction, and one which at least is a promising beginning."

FINE ADORNMENTS.

The artistic window dresser and store trimmer, Lloyd Reid, has made a fine job of the interior and one window of the well known Harmon dry goods store. Handsome bells depend from the ceiling and other beautiful things make the store room attractive indeed and shows well the taste and skill of the young gentleman.

ILLINOIS COLLEGE NOTES.

President and Mrs. Rammelkamp have issued invitations to the teachers of the city to a reception in honor of President and Mrs. Felmley of Normal university on Thursday evening, Dec. 4. President Felmley will deliver an address on the subject, "The Rewards of Teaching."

The regular semi-annual meeting of the board of trustees of Illinois college will be held in the college library Tuesday evening, Dec. 9.

Carpenters are at work removing the stage and dressing rooms at the west end of the gymnasium. The floor will be extended over this space and a portable stage will be constructed for use as occasion may require.

Otto Splith took a photograph of the whole student body on the campus last Tuesday.

The college book store will probably publish a souvenir college calendar.

The annual gridiron hop will be held in the gymnasium on Thursday evening, Dec. 4. The banquet will be held on the following Friday evening at the Colonial Inn. Mr. H. H. Bancroft, '96, will act as toastmaster. Among the speakers will be Dean Hayden, Rev. H. D. French, T. H. Puckthorpe, Coach Harmon, Andrew Russel and President Rammelkamp. The defeat at Aledo has not, in any way, decreased the interest of the school in the team.

BIG DANCE ARMORY HALL. RANDALL'S ORCHESTRA. WEDNESDAY, DEC. 3.

CLEANSER YOUR HAIR MAKES IT BEAUTIFUL

It Becomes Thick, Wavy, Lustrous and All Dandruff Disappears—Hairs Stop Coming Out.

Surely try a Danderine Hair Cleanser if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy, abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—Adv.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given me wondrous benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.—Adv.

COLLEGE OF MUSIC NOTES.

A large number of the College of Music girls went home Wednesday to spend Thanksgiving with their parents.

Mrs. Fowler and Miss Lillian Fowler spent Thanksgiving with the Misses Esther and Mary Fowler.

Miss Louise D. Miller, formerly instructor in voice and piano at the I. W. C., and soprano at Grace M. E. church, is visiting her sister, Miss Wilma Miller. She will return to Chicago Monday.

Miss Helen Jones sang a group of songs at the D. A. R. reception given at the home of Mrs. Prockhouse.

Mr. Donald Swarthout gave Miss Beebe's history of music class a very interesting and practical talk on the organ Tuesday morning. After sketching the development of the instrument he took the class, in sections, into the organ and explained its workings from the inside.

Miss Freda Fenton and Miss Delia Hurst were both called home last week on account of bereavement in their families. Miss Fenton will be unable to return until after the holidays.

The classes in ensemble music are happy in the knowledge that a large supply of new music has just arrived.

The first faculty vespers service will occur Sunday, Dec. 7, at 4 p. m. in Music hall. An interesting program is being prepared, consisting of organ numbers, a vocal solo and trio and of the reading of King Robert of Sicily by Miss Editha Parsons. The incidental music to this reading was composed by Rosseter Cole and will be played by Mr. Max Swarthout at the piano and Mr. Donald Swarthout at the organ.

Miss Goodrick delivered a paper before the teachers' convention in Springfield last week.

HANDSOME DINNER SET

With your initial in gold on every piece.

On another page in this paper J. H. Cain & Sons Brook Mills have an advertisement of a 42 piece, gold decorated dinner set, with the individual initial in gold on every piece. These dishes are not the ordinary kind but are something of exceptionally good quality and they cannot be obtained any place else in the city. To obtain a set of these dishes you must have eight (8) coupons from either the "White Lily", "Hercules", "Cream" or "Cainson" Flour. Place your order early for Xmas.

If you are a hunter don't fail to call and look through our sporting goods department.

BRADY BROTHERS

OLD EQUIPMENT COSTS MUCH TO OPERATE

Figures Show What Expense It Is To Buy Carbons For Out of Date Street Lamps.

The difficulties under which an antiquated light plant operates and the difference in expense between out of date and modern equipment was emphasized yesterday by a letter received by city officials. For the arc lamps carbons which are used in the residence district it is necessary to make a yearly contract as the carbons must be specially manufactured as they are no longer of a standard kind and the producing company requires a contract. Commissioner Knollman recently wrote for prices in order to buy necessary supplies and the best quotation was received Saturday. It shows that carbons for these lamps will cost 2.5 cents a pair under contract. A pair of carbons of this type must be renewed each day. In the enclosed arcs which are used within the business district from the direct current machine the carbons used are of standard type and cost 1.5 a pair. Carbons of this kind last for 8 days. These figures illustrate very plainly cost differences between old and new equipment. In the residence district it is impossible to use the standard type carbons and Commissioner Brennan says that with the tungsten system proposed the current consumed per lamp is about half that now used in the enclosed arcs and the enclosed arc carbon costs not more than one tenth of what the residence district lamps now consume.

Bazaar and Supper, Centenary Church, Dec. 9th.

AFTER GRIPPE

Made Strong by Vinol.

John C. Furman of Clarion, Pa., says: "After a very severe attack of the grippe my system was in a weakened, nervous and run-down condition. I had no appetite at all. I was obliged to continue with my work and nothing seemed to help me until a friend induced me to take Vinol. I began to note good results from the first bottle. I continued its use and am now sound and well as ever."

In health one cannot realize how depressed a person may become after trying one remedy after another without benefit for such a condition as Mr. Furman was in, or what a relief it is to find help and be restored to health and strength.

It is the combined action of the medicinal curative element of Vinol without the greasy oil added by the blood purifier and straining properties of tonic iron, that makes Vinol so efficient in bringing up the weakened, run-down system.

We guarantee Vinol to give you perfect satisfaction.—Lee P. Allcott, druggist, Jacksonville, Ill.

P. S.—For rough, scaly skin, try our Saxo Salve. We guarantee it—Adv.

Mrs. Helen Strawn King will be at Dunlap House Monday and Tuesday with Christmas goods.

FAULTY DIGESTION

Quickly Shatters the Nervous System—Immediate Action Necessary—Try Mi-o-na.

When you feel irritable, tired and despondent—when you have nervous twitchings, specks before the eyes, headache, sour stomach, heartburn, indigestion and pains in the colon and bowels—you suffer from indigestion, which soon develops into dyspepsia—the chief cause of nerve exhaustion—you need Mi-o-na at once.

Mi-o-na is a specific for stomach weakness—it goes to the seat of your trouble and quickly and surely ends stomach misery. It builds up and strengthens the stomach walls and glands, improves quickly the digestive system, then the vital force and nerve energy are restored and strength and good spirits come to the discouraged, rundown and weak. Do not suffer another day. Get a fifty cent box of Mi-o-na Tablets at your nearest drug store—keep them with you constantly, for this treatment will help you get well and strong and immediate relief is sure. Do not delay. Delays are not only dangerous, but needless. If not benefited Mi-o-na costs nothing. Sold by all druggists.—Adv.

LATE CHICAGO MAIL.

A changed arrangement for the Chicago mail occasionally causes inconvenience in the city. For many years it used to arrive on the early morning train from the east but now it comes by way of Roodhouse and if the train from the north fails to connect with the early train for this city arriving at 6:30 then the mail fails to arrive till noon as was the case yesterday and is occasionally at other times. It is especially inconvenient for bankers and others who much depend on getting important correspondence early in the day.

AMAZONS UNDER FIRE IN MEXICO

Women Fighting on Both Sides Across Rio Grande.

AID ARMIES AS FORAGERS.

Wife of Federal Officer Leads Rebels Into Ambush and Then Escapes in Rain of Bullets—Wealthy Young Woman Takes Her Dead Brother's Place in Constitutional Ranks.

Women of Mexico are playing a prominent part in the warfare of the southern republic as "soldaderas," foraging successfully for their men folk in the armies and occasionally being actual fighters, according to correspondence from Del Rio, Tex.

This is true probably because the present revolution has touched individuals and homes more intimately than any other conflict of recent times in Mexico. Many women have left their homes rather than remain alone, and a few of them have gone under fire to get revenge.

Girl Replaces Brother.

In the siege of the large city of Monterey a valued member of General Pablo Gonzalez' Constitutional command was Senorita Maria Sanchez said to be a wealthy Castilian, whose brother was shot by federal irregulars. She gave up the comforts of a luxurious home and begged permission to replace her brother.

Recently at Monclova a son of Senor Pimental of that city had been sentenced to be shot. The mother, it is said, entered the federal jail by stealth and, stabbing two guards, released her boy, and both escaped to the Constitutionist headquarters at Hermanos.

In the federal ranks there is told the story of the wife of an officer who led the Constitutionalists into an ambush at Puerta Carmen and, though fired upon by the angered rebels, galloped through the lines to her husband's side.

When less than a month ago the federal army of General Maas occupied the Constitutionalists' provisional capital at Piedras Negras "soldaderas" played an important part in the bloodless capture.

Women Guard Wagon Train.

A small group of them pitched their tents on the overlooking hills two days before the soldiers arrived. When the army came fully 500 of these soldier women accompanied the troops, most of them guarding the wagon train which their skill as foragers had supplied. After the city was occupied the women spread food for the entire army in the plaza. These "soldaderas" are expert with both knife and rifle.

One of the famous women fighters is Mrs. Alonzo Alami, who recently surrendered to the Huerta garrison in Juarez and was pardoned. She is the wife of a former Maderist commander and became a leader during the revolt against Madero.

One night at the head of a picked band she rode into Juarez, held up the police station, took all available arms and escaped to the hills. She remained at the head of her troop several months.

WOMAN A LUMBERJACK.

With Twin Daughters Will Supply Chicago's Christmas Trees.

Many of the Christmas trees which will make Chicago children happy this year will be brought from the woods of northern Michigan through the efforts of a widow and her twin daughters. The husband and father of the family lost his life last winter when the Christmas tree ship Rouse Simmons, of which he had been captain for twenty years, went to the bottom of Lake Michigan during a storm.

Mrs. Herman Schuenemann of Chicago, the widow, is now in the Michigan woods directing a force of men in the work of cutting the trees. Her twin daughters, Elsie and May, are looking over the Chicago shipping list for a vessel in which to bring the trees to market.

\$36,394,000 FOR THE CANAL.

This Sum Is Needed to Complete the Panama Waterway.

According to advices from Washington, James C. Courts, clerk of the house appropriations committee, after consultation with Colonel George W. Goethals, has reached the conclusion that the completion of the Panama canal will require an additional appropriation of \$36,394,000. This amount will be expended largely on the canal terminals. Concentrated coal pockets for storing bituminous coal, machine shops and a drydock are to be constructed on the Pacific end of the canal.

While the committee is in Panama it will hold hearings on the estimates submitted for completion—the odds and ends of a project which has cost approximately \$230,000,000 to date.

CHURCH SERVICES.

Centenary M. E. Church—G. W. Flagg, pastor. Sunday school at 9:30 a. m., Albert C. Metcalf, superintendent. Sermons by the pastor at 10:45 a. m. and 7:30 p. m. Junior Epworth league at 2:30 p. m. Senior league at 6:30 p. m. A cordial invitation is extended to all who desire to worship with us to attend these services.

Brooklyn M. E. Church—The pastor, Rev. W. W. Theobald, will preach at 10:45 a. m. and 7:30 p. m. There will be a roll call service in connection with the morning service and the sacrament of the Lord's Supper. The subject at 7:30 will be "The Danger of Drifting." Sunday school at 9:30 a. m. J. H. Reid, superintendent. Junior league at 2:30 p. m. Epworth league at 6:30 p. m.

Salem Evangelical Lutheran Church, East College street—Rev. J. G. Kuppfer, pastor. There will be Sunday school at 9:30 a. m. Divine services in German at 10:30 a. m. and in English at 7:30 p. m. Every body cordially welcome.

Westminster Presbyterian Church, corner West College avenue and Westminster street—L. H. Davis, minister. Bible school at 9:30. Bible class for men at same hour. W. J. Brady, teacher. Morning worship at 10:45. Y. P. S. C. E. at 6:45. Evening worship at 7:30. The public cordially invited to all services.

Congregational Church—Bible school at 9:30 a. m. Brotherhood Bible class at 9:30 a. m. Morning worship at 10:45. Christian Endeavor at 6:45 p. m. Evening worship at 7:30.

Northminster Presbyterian church—Walter E. Spoonst, minister—Sunday school and invincible Bible class at 9:30 a. m. Preaching at 10:45 a. m. and 7:30 p. m. by the pastor. The morning subject will be "The Supreme Claims of God." The first of a series of sermons on Religion and Its Relation to Our City will be given at the evening hour. The subject will be "Religion and Its Relation to Our City Government." or "The People and Our City Officers." The North Side circle will give and oyster supper on Monday from 5 to 10 p. m. Christian Endeavor at 6:30 p. m. Prayer meeting Wednesday evening. A special invitation to all to attend our evening service.

Central Christian church—Clyde Darsie, minister—Bible school at 9:30 a. m. Charles L. Mathis, superintendent. Y. P. S. C. E. at 6:30 p. m. Communion and morning worship at 10:45 a. m. Sermon subject "The Second Temptation." Evening preaching service at 7:30 p. m.

First Baptist church—Rev. J. Haverzal Sheppard of N. Y., will occupy the pulpit at 10:45 a. m. and 7:30 p. m. Morning theme, "The Christian's Present Abode." Evening "The Promised Paradise." Young People's meeting will be at 6:30 p. m. Sunday school 9:30 a. m. Carl Weber, superintendent. All are cordially invited.

McCabe M. E. church—A. E. Miller, pastor. Sunday school at 9:30 a. m. Mrs. Ana Jenkins, superintendent. Miss Lily Fry, superintendent primary department. 11:00 a. m. preaching by pastor. Also at 7:30 p. m. Every one is cordially invited to attend these services.

First Church of Christ, Scientist. Regular services are held in the Huntton Bldg., 333 W. State street, on Sunday at 11 a. m. Subject "Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Decried." Sunday school at 9:45 a. m. Testimonial meeting Wednesday at 7:45 p. m. The reading room is open each week day from 2:30 to 4:30 p. m., where all the writings of Mary Baker Eddy and all the publications of The Christian Science Publishing Society are for sale or perusal. The public is cordially invited to attend the services and visit the reading room.

Trinity church—Sunday services as follows by Rev. H. R. Neely. Holy communion 7:30 a. m. Sunday school 9:30 a. m. Morning service with Epistle and Gospel for the day, 10:45 a. m. Sermon "The Divine Call." Rom. 13-11. Evening service, "Commemorating Feast of Saint Andrew" 7:30 p. m. Evening sermon "Mending Their Nets," St. Math. 4-21. Baptism at morning service. All are cordially invited.

Grace church—Sunday school at 9:30. Preaching service at 10:45, subject "Modern Israel." Passover Feast." Followed by communion service. Junior league at 2:30. Epworth league at 6:30. Preaching at 7:30. Subject "A King and a Witch." The music of the evening service will be furnished by a fine chorus choir that will sing the hymns and some special anthems. All are welcome to these services.

State Street Presbyterian church—Howard D. French, minister. Morning service 10:45. Preaching by the pastor, "The Family of God." The first payments on the pledges for benevolence can be given at this service. Vesper service at 4:30. Sermon topic, "Jehovah-Nissi: The Lord is My Banner." Sunday school 9:30. Classes for all ages. Young People's meeting at 5:30. The public is cordially invited to all these services.

Mt. Emory Baptist church—A. A. Russell, pastor. Praise meeting from 10 to 11, then preaching by the pastor. Sunday school at 2:30 p. m. W. U. V. meeting at 7. Preaching at 8. The senior and junior choir assisted by the Mallory Bros. orchestra will furnish the music aside from the congregational singing. Mrs. Lester-Mounts and Mrs.

Maysia Mallory will preside at the piano. E. D. Hayden, musical director. Everybody is welcome to attend the services.

A dollar watch given with each boy's suit at Garland and Co.

HEADACHY, COSTIVE, BILIOUS—"CASCARETS"

Sick Headache Bad Breath, Sour Stomach, Mean Liver and Bowels are Clogged—Cheer Up! Get a 10 cent box.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the delicate brain tissue is causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10 cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

POULTRY CULTURE.

Article XXI.

Place for Setting Hens.—Keepers of quite large numbers of fowls in some cases, depend entirely upon the natural method of hatching for renewing and increasing their flocks. A large number of broody hens are set at one time. The house or room should be set apart temporarily for the exclusive use of the sitting hens. A common hen house will answer the purpose or a room in a convenient building may be utilized. Tiers of removable nest boxes are placed in one, two or three sides of the room, leaving abundant floor space for supplying feed and water and for a dusting place. The nests should each have a door of slats or wire netting that the hens may be shut in except at a stated time daily when all are allowed to come off or are removed from the nests to take food and drink and to dust themselves.

Granary, Workshop, etc.—Connected with or close to the central office building may be placed the granary, feed room and possibly the workshop. A killing and picking room may be added. It is possible to include all of these rooms with the poultrymen's quarters, office and incubator room in a two story structure with a basement. From this

main building, two, one story, wing buildings may extend, one to the east to be used as a brooding house and the other to the west for a breeding and laying house.

Such a plan centralizes and concentrates the business, allowing considerable saving of labor as compared with an arrangement of buildings more or less scattered.

Brooder House.—Where chicks are raised by hundreds and thousands a thoroughly built and artificially heated brooder building becomes necessary. The method of heating usually adopted is by means of a hot water boiler with a continuous system of pipes.

Complete Control.—The key to successful brooding, providing the chicks are healthy to start with, is found in the capability of complete control of the temperature under all conditions to accomplish this end the boiler should in the first place be of 50 percent larger capacity than would ordinarily suffice to heat the building. Two systems of pipes connect with the boiler, one for maintaining a reasonably warm temperature throughout the brooder house, the other for heating the hovers.

Three, one and one-fourth inch pipes extend around the inside walls of the building, the flow pipes being on the south or front side and the return pipes on the north side. The hovers are heated by one three inch flow pipe and four one and one-fourth inch return pipes. These pipes are

placed in the upper part of the hovers, starting from the boiler at seven inches above the hover floor and rising one inch in twenty feet. The pipes are supported by the upright board partitions between the hovers. An expansion tank to hold about one half barrel is placed higher than the highest point of the pipes to prevent the emptying of the pipes by the expansion of the water when hot. Air cocks are placed at the highest points of the pipes, one for each system, so that any air which collects there may be let out. The boiler pit is at the west end of the brooder house. It is large enough to give room for a supply of coal and space for tending the fire.

Cedar posts eight inches in diameter are set ten feet apart, three and one-half feet deep in the ground and sawed off at a level of about ten inches above the ground. The sills of the building rest upon these posts. The floor is of matched boards (pine spruce or hemlock) whichever can be bought cheapest and underneath the same is laid one inch mesh wire netting to render the floor rat proof.

—H. A. McKeene, Secretary, Illinois Farmers' Institute.

William Mortimer, George Craig, Richard Megginson, Edward Barrows, Samuel Henry, James McCormick of Windsor neighborhood were among the visitors in the city yesterday.

Everybody Welcome

Big Midwinter Festival

Poultry, Farm Products and Industrial Show

Jacksonville, Ill., Dec. 8--13

All Blood Disorders Quickly Driven Away

Astonishing Results With the Greatest Blood Purifier Ever Discovered.

Strength, Power, Accomplishment are all typified in S. S. S. Some blood disorders become deeply rooted in the glands and tissues, and the mistake is made of resorting to drastic drugs. These only aggravate by causing other and worse troubles. A host of people know this to be true. They know from painful experience.

To get right down into where the blood is vitiated requires S. S. S., the greatest blood purifier ever discovered.

This remarkable remedy contains one ingredient, the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutriment and the medicinal elements of this matchless blood purifier are just as essential to well balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not only this, but if from the presence of some disturbing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and kindred troubles, S. S. S. so directs the local cells that this poison is rejected and

eliminated from their presence. Then, too, S. S. S. has such specific stimulation on these local cells as to preserve their mutual welfare and a proper relative assistance to each other.

In a very brief time S. S. S. has the reconstructive process so under control that remarkable changes are observed. All eruptive places heal, mysterious pains and aches have disappeared, and from head to foot there is a conscious sensation of renewed health.

From the fact that S. S. S. is purely a botanical preparation, it is accepted by the weakest stomach and has great tonic influence. Not one drop of drugs or minerals is used in its preparation. Ask for S. S. S. and insist upon having it. And if you desire skillful advice upon any matter concerning the blood and skin write to The Swift Specific Co., 205 Swift Bldg., Atlanta, Ga. Do not allow some zealous clerk to lull the atmosphere in eloquence over something "just as good" as S. S. S. Beware of all counterfeits.

It Hardly Seems Possible

Yet it is a fact that with all this April weather Christmas is only 25 days off. Every day stocks of goods are being looked over, and the most attractive articles selected; but every day packages, boxes and barrels are being received at our store with pretty and practical goods suitable for a holiday gift in every household. Call early, call often and select a handsome present at a moderate price.

RUSSELL & LYON
WEST SIDE SQUARE.

TOMB OF JONAH.

Moslems Look Upon It as Sacred and Guard It From Intrusion.

The site of Nineveh is almost perfectly level, but adjoining the western wall are two huge mounds that conceal the palaces of the greatest kings of Nineveh. On the lower or southern mound stand a mosque and a village of considerable size, says a correspondent of the Christian Herald.

The village is named Nebi Yunus, or the Prophet Jonah, for the mosque contains the tomb in which Jonah is said to have been buried. The age of the tomb is uncertain, but it was probably built long after the Hebrew prophet's time. However, the place is now sacred, so sacred that pilgrims from afar visit it.

"I rode up the steep, narrow streets of the village to the mosque," writes the Herald's correspondent, "dismounted and entered the yard. A crowd of excited Arabs quickly surrounded me. I explained to a priest that I had come to see the grave of Jonah, and with a motion of the hand I made him understand that I should reward him. Removing my shoes, I followed the priest through a dark passage-way.

"Then he pointed to a wall and said the tomb was just beyond. I wished to enter the prayer room, from which the tomb itself might be seen, but the place was considered far too sacred for my profane feet. The few Christians who have been permitted to see the tomb may only look through a small window into a dark chamber, in which a cloth covered mound is barely discernible. It is said that no Moslem will enter the inner shrine."

DRINKING IN EUROPE.

Munich Heads the List in the Quantity of Beer Consumed.

Norwegians are one of the most temperate of northern nations, consuming but 49½ pints of beer and 4½ of brandy per head of population yearly.

The Dane drinks on the average 154 pints of beer, but little wine, and only 36 pints of brandy each year. The Swede manages to consume 84 pints of beer and 13 of spirits. The Russian drinks 7½ pints of vodka and the same amount of beer. The Frenchman, however, takes 160 pints of wine, 15 of beer, 48 of brandy. The Britisher soothes himself with 9 pints of whisky or gin, 3 of claret and 228 of beer.

The Dutchman will drink 54 pints of beer and 12 of brandy. Taking every German province to obtain an average, it is found that the German consumes 187½ pints of beer, 10½ of wine and 9½ of spirits. In Munich, however, the average amount per head rises to 850½ pints, being the highest of any province, while the lowest average obtains in the northern province of Alsatia. Here the inhabitants are satisfied with only 144 pints of beer per head.

The Italian is the least of all addicted to alcoholic beverages, taking only 3 pints of beer, 1½ of alcoholic beverages and 144 of wine per head.—Pearson's Weekly.

Star Colors.

Professor Edward C. Pickering of Harvard has been able to show that Ptolemy had an excellent eye for color values; that William Herschel had a strong sense of red, but was a little weak on the blues; that the noted astronomer Sull, of the tenth century, was another who had a good color vision; that of various other ancient astronomers some were weak on the reds and some on the blues. His assertions are based on the practical certainty that the color of the stars has not changed in these centuries. Most of the old astronomers have left records of the colors of the various stars, and these values he applied to standards established by taking the average color value of certain stars given by a number of Harvard observers.—Saturday Evening Post.

Able Assistant.

The small son of a clergyman who was noted for his tireless sermons overheard two friends of his father saying how dry they were and how hard it was to keep awake during them. The following Sunday while the minister was preaching he was astounded to see his son throwing pebbles at the congregation from the gallery. The clergyman frowned angrily at him, when the boy piped out in a clear treble voice:

"It's all right, pop. You go on preaching. I'm keeping them awake."—Philadelphia Ledger.

The Neglected Negative.

"A young man," said the ready made philosopher, "should learn to say 'no.'"

"Yes," replied Farmer Cornstossel, "I feel that my boy Josh ought to take at least that much trouble. When I ask him to help around the place he simply gives me a haughty stare."—Washington Star.

Accommodating.

"John, if I should die I want you to promise me you wouldn't marry again within a year at least."

"All right. Go ahead. I'll promise anything."—Chicago Record-Herald.

Our Language.

"So when you broke the news to her she went all to pieces?"

"Yes, but it didn't take her long to collect herself."—Boston Transcript.

Undesirable.

"Are they desirable tenants?"

"Dear me, no. They're nice people, but they've got four children."—Detroit Free Press.

The path of duty is the way of safety and the road to honor.

Home of Tom Sawyer and Huck Finn Honors Late Mark Twain

The home town of Tom Sawyer and Huckleberry Finn, immortal heroes of boyhood days, has erected a statue to the memory of Mark Twain, their creator and America's foremost humorist. It stands in River View park, Hannibal, Mo., where Twain spent his early years and played with Tom and Huck. This pretty city, which sits on the bank of the Mississippi river, played an important part in the life of Mark Twain. While he was not born there, he lived there for many years and drew from its environments characters which will live as long as the name of the famous humorist endures. The statue is of bronze and the pedestal of granite. Frederick C. Hibbard of Chicago is the sculptor.

PLAYS AND PLAYERS.

Laura Burt is breaking in a new vaudeville sketch.

It is said that Kitty Gordon is going back into vaudeville.

Ada Rehan has returned from her annual visit to England.

Edna Wallace Hopper is to become an actress for the "movies."

Lillian Mortimer is appearing in a sketch called Betsy Bobbins.

Margaret Anglin has added "Antony and Cleopatra" to her repertoire.

Gilbert Miller, the son of Henry Miller, is about to make his debut as a producer.

Will J. Ward and eight girls are in Gus Edwards' latest hit, "The Lady's Man."

Graham Moffat, who wrote "Bunty Pulls the Strings," is to visit America in the spring.

Polaire is to start out in the latter part of this month at the head of her own company.

Olga Nethersole is advocating a feminine theatre for the social betterment of women.

Annette Kellerman has a piece called "The Mermaid." Baldwin Sloane is to write the music.

Margaret Bourne has been engaged by Henry Jewett, who will have a stock company in Boston.

John and Emma Ray are to appear in an act requiring several persons. The Rays will appear in black face.

John E. Kellard is to make a tour of the west with a strong company and will give Shakespearean performances.

Grant Stewart is at work on a new piece called "A Little Water on the Side," in which William Collier is to be the star.

"The Girl and the Pennant," a baseball play by Rida Johnson Young and Christy Mathewson, is to go on the road shortly.

Martin Harvey, the famous English player, is to come to America next year for a tour of the United States and Canada.

Cyril Keightley, the English actor, has arrived in New York and is to appear in a play by Cosmo Hamilton, entitled "The Duke's Son."

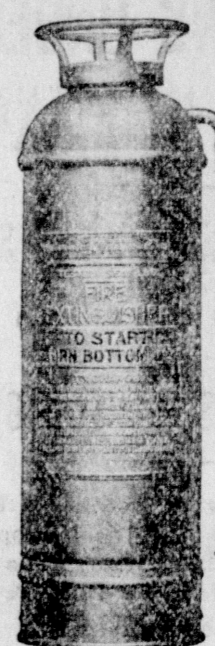

Jean Havez has discovered an Irish nightingale in a young woman named Nora Flynn. She is to appear in vaudeville in a repertoire of songs.

Several companies will play "Within the Law" in the English provinces, and A. H. Woods has arranged for its production in Germany and Austria.

When Maude Adams begins her New York engagement she will have two supporting companies. One is to enable her to give special performances of Barrie plays.

TINKER LIKES CHICAGO.

Chicago, Nov. 28.—Joe Tinker, deposed manager of the Cincinnati team called on Manager Evers of the Chicago Nationals today and after a conference said he knew of no place he would rather play in than Chicago. No terms were discussed by the men and until President Murphy of the Chicago club returns from Europe no negotiations between the local organization and the Cincinnati club regarding the transfer of Tinker can be made.

Bring Them In

If it has been a year or more since your fire extinguisher was filled it is needing fresh chemicals. If brought to our office, we charge nothing for reloading any tip over extinguisher sold by us—and only a very small price for others. It is dangerous to neglect the matter.

To insure the continued possession of good hair two things are necessary—reasonable care and the intelligent use of Newbro's Herpicide.

Hair that receives no attention but the daily combing and an occasional shampoo, cannot be pretty. Dandruff forms on the scalp, the hair becomes dead, brittle, uneven and falls out. There's an tire lack of that life, luster and luxuriance which is imparted to the hair by proper care and Newbro's Herpicide.

By keeping the scalp clean and free from scale Herpicide demonstrates conclusively its power to eradicate the cause of dandruff. Hair that receives proper care and regular applications of this remarkable scalp prophylactic takes on a new beauty. It looks alive, ceases to fall out and has a gloss and sheen that is unmistakable.

There is an air of refinement and good breeding and an appearance of refreshing personal cleanliness about the person who uses Newbro's Herpicide. The odor is exquisite, which makes it a delightful hair dressing.

A Sample Bottle and Booklet for Ten Cents

Send 10 cents in postage or silver for a sample bottle of Newbro's Herpicide and a booklet telling all about the hair and how to keep it beautiful. Address: THE HERPICIDE CO., Dept. 88, B, Detroit, Mich.

SEE COUPON

WORLD'S LATEST FINANCIAL AND MARKET NEWS

MARKET CONDITIONS TO MOVE LISTLESSLY

VOLUME OF BUSINESS IS SMALL WITH SLIGHT SCALING DOWN OF PRICES.

Only Movement of Importance Is Among Specialties—Week's Heavy Outward Movement of Currency to Canada and Pacific Coast Responsible for Poor Bank Statement.

New York, Nov. 29.—Conditions were virtually unchanged today in the stock market which continued to move listlessly with a small volume of business. There was a slight scaling down of prices. The only movements of importance were among the specialties. The most conspicuous was Goodrich preferred, which fell five points to 73, a new record. Subsequently it recovered part of its loss. The common stock dropped nearly 2 points to 15 1/2, also a new low record.

Earlier in the year the preferred stock sold at 105 and the common at 68. The Can issues and various other industrials were heavy. In the railroad list Missouri Pacific was weakest, equalling its low record of the year at 2 1/2. The week's exceptionally heavy outward movement of currency to Canada and the Pacific coast was chiefly responsible for the poor showing made in the bank statement. Predictions of a cash loss of \$20,000,000 were realized, the amount reaching nearly \$21,000,000. Loans were cut down \$16,000,000. Shrinkage in deposits of nearly \$38,000,000 did not reduce reserve requirements sufficiently to prevent the wiping out of the surplus. The result was a small deficit.

Trade reviews showed retrenchment and conservatism in business. Canadian Pacific reported an increase in net earnings for October of \$541,000 but Rock Island showed a decline of \$238,000.

LOST—STRAYED OR STOLEN—A brown and white collie pup, between 4 and 5 months old. Answers to the name of Max. Return to 212 Park St., and receive liberal reward. 29-3t

A Common Center.
"It makes no difference how irregularly objects are arranged, their combined influence at their force center is spherical."

This is a fundamental fact of the entire sidereal structure. Millions upon millions of suns and worlds flying in all directions as bees in a swarm or moving in cosmic streams and as current of stars, act by means of universal gravitation precisely as though they were all condensed into a gigantic globe at their common center of gravity.—Edgar Lucien Larkin in New York American.

She Knew All Right.
"Madam," half a dozen men hastened to assure her, "this is the smoking car."

"I know it," she said, calmly seating herself, "but I am sure the men in here are more polite than they are in the car ahead. I couldn't get a seat at all in there. I don't mind the cigars either. They're better than my husband smokes."

No further objection was offered, and she kept her seat.—Chicago Tribune.

No Chance For Leopard.
Willie—Mother, the Sunday school teacher says we should all of us try to be as spotless as we can. Mother—Certainly, Willie; that's right. Willie, after a pause, and thoughtfully—Then I'm glad I'm not a leopard.—Chicago Record-Herald.

She Hit It.
Mr. Gnaggs—Madam, you will have to economize. You are very extravagant. Mrs. Gnaggs—Dear me! Mr. Gnaggs—I quite agree with you.—Philadelphia Record.

ITS 77TH MILESTONE.
Yesterday was the 77th birthday of the Journal's esteemed friend, Mayberry Walter and he celebrated it in a quiet manner. The principal attention paid the event was an informal reception to his many friends at Rapp's harness shop where Deem did the honors of the occasion while Thomas received the guests and made them welcome. A few remarks from the hosts and different callers constituted the only program and the event was thus pleasantly celebrated.

Spider Charms.
Spiders, like worms and snakes, were formerly used as charms to cure disease. The spider was worn in a nut which was suspended around the neck. When the spider died the disease, it was affirmed, died with it, according to the claims made.

Talked a Lot.
"I never say all that I think," she remarked.
"Then," he replied, being unwilling to miss the chance, "you must think an awful lot."—Puck.

Double.
"What vegetables serve a double purpose?" asked the teacher.
"Cucumbers," yelled the class.—Chicago Enquirer.

New York Grain Market

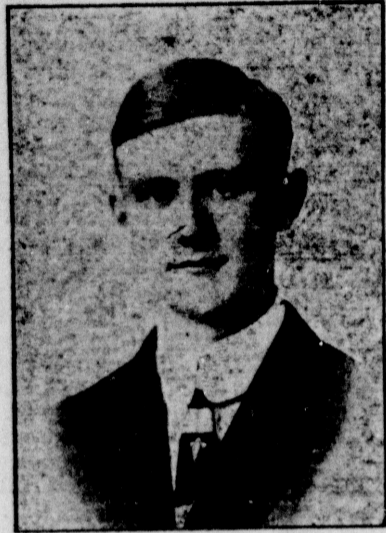

New York, Nov. 29.—W

FOOTBALL CURTAIN DROPS FOR YEAR

JACKSONVILLE HIGH HAS MADE
SPLENDID RECORD.

Has Just Claim to Championship
Honors for Central Illinois—Team
Made Wonderful Progress Consider-
ing Material at Hand—Summary
of Season's Playing.

With the defeat of Monmouth on Thanksgiving day by Jacksonville high school, the curtain was rung down on football for the season of 1913. What appeared to be a weak team at the beginning of the season grew in strength from week to week until the close the lads forged so far ahead of other teams that they can rightly lay a claim to the championship of Central Illinois. The teams work has not only been watched by other towns but the people local

William Allcott, Faculty Manager.

ly have taken a great interest in the eleven's record and the big crowd which attended the game last Thursday attested their interest. And, by the way that big crowd helped the Athletic pocket book not a little, for it took \$125 cash to bring the fast Monmouth team here. A peep in the treasury shows that there is a balance on hand, which is the cause of much satisfaction. William A. Allcott, faculty manager, who has worked hard in this department and to Evert Reynolds, who was his assistant is deserving much praise.

But to return to the J. H. S. team, what has been the record. It reads as follows:

J. H. S.	Lincoln	0
J. H. S.	Peoria	27
J. H. S.	Beardstown	0
J. H. S.	Keokuk	0
J. H. S.	Alton	0
J. H. S.	Quincy	6
J. H. S.	Quincy Manual . . .	6
J. H. S.	Monmouth	13

Totals 52
Jacksonville did not say very much about championship claims until after the game with Peoria Manual. Sure at the beginning of the season Peoria High defeated the local men 27 to 0 but this was when J. H. S. had in a number of snobs, four of the best players being on the hospital list. From the fact that Springfield defeated Peoria Manual only 7 to 0 and J. H. S. defeated Peoria Manual 39 to 6, the local lads felt that they had as good a claim to the Central

Illinois honors as did their sister city. Alton was unable to score on Jacksonville, who defeated them 13 to 0. On the other hand Springfield won from them 21 to 7. Faculty manager Allcott sent a letter to faculty manager John L. Scott, disputing Springfield's right as to the championship honors and also giving Springfield a chance to defend their title by naming a day when the two teams could play it out. So strong were Jacksonville's claims to the honor that faculty Manager Scott never made a reply to the letter. J. H. S. also has till a stronger claim over Springfield from the fact that J. H. S. beat Lincoln 33 to 0 and Springfield was only able to make 19 points against Lincoln. Jacksonville has also an equal claim with Moline for the northern championship in regard to the Monmouth game. J. H. S. beat Monmouth 26 to 13, while the best Moline could do was 21 to 7 against Monmouth and Moline has a clear title to the championship of Northern Illinois. To show further the strength of J. H. S. Monmouth defeated Kewanee, Rock Island, Galesburg and other strong northern teams. As regards to southern Illinois honors. Why didn't Springfield when they had an opportunity to clinch their title play Greenfield who was a strong contender for the honors. Instead of that they scheduled a game with Pana, which is considered a fifth rate team. And, again, when they had opportunity to play Jacksonville which would decide the point at issue, why did they play Crane Tech., of Chicago which is considered about in the same class as Pana. The reason is obvious.

Too much praise cannot be given Coach Buland for the splendid training he has given the team. He has been jealous in his coaching, always having in view the one idea of giving the high school the very best team possible out of the material at hand and that he has done that thing is evident from the squads showing this season. His ability has been manifest in every department of the game.

It is a source of much satisfaction to the eleven to know that one of their number was given a position on the all state star team, Killbrow at fullback.

Position	Team
First team	W. Holmes, Lincoln
	Harrison, University High
	Potter, Springfield
	Kemp, Champaign
	Bennett, W. Aurora
	Roblee, Decatur
	Kiel, Moline (Capt.)
	McMurray, University High
	Cicrand, West Aurora
	Killbrow, Jacksonville

	Akers, Newman (Capt.)
	Johnson, Danville
	Adkinson, Springfield
	Owens, Sided

touchdowns against Peoria Manual and according to the writer's opinion a gamer player never trod a football field.

BERRYMAN, center, weight 136 pounds. Another star who has won his first and last "J." Although light in weight he has outplayed every center he has met. He deserves lots of credit and the honor of being picked by the coaches of Central Illinois as guard on the second team speaks for itself. His weight being the only thing that kept him from being the first selection.

REYNOLDS quarterback and guard weight 139 pounds. This is his first year in football. He has been a wonder for a first year man. He runs the team with great speed, the best drop-kicker in this part of the state and the only man who out-punted the mighty Holmes of Lincoln who is considered the greatest kicker in the state. Dick will surely have to be considered when the all state quarter is picked next year.

WILLIAMSON, guard, weight 140 pounds. Another man who will win his first and last "J." Harlan has been a hard worker and although handicapped by other school activi-

ties he made his letter.

STEARNS, half back, weight 142 pounds. Another green man who won his first "J." He would have made a great end but for the good of the team was trained to sub in the backfield either at half or fullback. He will be missed next year as he graduates.

WHITLOCK, guard, weight, 136 pounds. Won his letter by his all-around work, being able to play most any position on the team. He always made good wherever called upon, but like all utility men was held in reserve to strengthen the team

in case of accidents. J. H. S. loses another good man.

KILLBREW, full back, weight, 170 pounds. He still has one more year in the high school. His selection as full back on the all-state team speaks for his ability. Of him the chooser of the all-state team says "is a full back that has no peer in the whole state outside of Chicago." His work for J. H. S. has been spectacular and he has easily been the mainstay of the squad. All the players like "Killy" for his hard work and unassuming manner.

Everything Musical.

Energy and Work.

"What becomes of the energy of motion of a street car when suddenly stopped?"

Law-mass multiplied by velocity equals momentum. The mass of the car in pounds or tons multiplied by its specific speed in feet per second gives a product named foot pounds or foot tons. This momentum is expended at the instant of collision or impact in delivering a blow, as in the case of a cannon ball. If the body receiving the impact is movable part of the momentum will appear in it as motion. If immovable the car will be smashed or move backward. And the molecules of the matter at point of impact will be increased by temperature and also be moved somewhat. This requires energy, and work has been accomplished from instant of collision until rest obtains. The answer is the energy of momentum is transformed into work.—Edgar Lucien Larkin in New York American.

Worth the Penalty.

John, four years old, was trying to run the lawn mower, which he had been forbidden to touch.

His mother came to the door and told him to stop it, but John ran the mower down the strip of lawn and back again before he stopped.

"You will have to come into the house and stay for an hour," said his mother.

"Why did you run that mower after I told you to stop?" she asked.

"Well, mamma," said John, "I'd rather have run it twice and have to stay in the house for an hour than not run it at all."—National Monthly.

Political Birds.

Wife (reading)—Isn't this funny, my dear? Here is an article which says they have found a new species of birds in Australia which have four legs. Now, whatever do you suppose they want four legs for?

Husband (yawning)—They are probably politicians, my love, and by this beautiful contrivance they are enabled to stand on both sides of the fence at the same time.—London Mail.

Mrs. Helen Strawn King of Springfield will be at Dunlap House Monday and Tuesday with Xmas goods.

LIGHT RECEIPTS IN LIVE STOCK MADE HIGHER PRICES

Market Conditions of Past Week Reviewed—The Big International Show Begins This Week.

Alexander Ward & Conover, Chicago commission merchants do not expect very favorable conditions in the live stock markets the coming week. The firm's review of the past week in interesting.

Beef Cattle—The sharp decline in the market last week, and there being no market Thanksgiving day, caused a sharp decrease in receipts this week, and has given us an unevenly higher market for the bulk of arrivals, but the weather warm and unseasonable and the demand limited, it was very fortunate that receipts were light, for it we had had liberal supplies we would have had a very unsatisfactory market.

Now, as to next week, prospects are only fair. Very much will depend on receipts and the weather. A heavy run of cattle and a continuance of this warm, muggy, unseasonable weather will give us a lower and unsatisfactory market for the bulk of the beef cattle, and there is great danger of receipts being too heavy, as fat stock show week usually brings heavy receipts of cattle and hogs and a lower market, and unless the weather turns colder the demand will not be good.

It appears to us that our government at this time is working against the interests of the cattle feeder and grower of this country. First, by admitting free beef into this country, and, as we understand it, the government is buying this Argentine frozen beef for the navy at higher prices than they can buy our beef raised or produced at home.

Stockers and Feeders—Stockers and feeders have been in moderate supply this week, and the bulk of the desirable kinds have sold higher than the low point last week.

Butcher Stuff—There has been a very light run of cows and heifers this week and everything has sold. Medium to good cows 5c higher. Prime heavy cows show the same advance. Heifers of all grades 25c to 35c higher. Canners and cutters 15c higher. With moderate receipts next week we should have a good market.

Choice butcher bulls steady with with last week. Choice heavy bulls hard to sell at satisfactory prices, suffering a decline of 25c to 50c in the last two weeks and very hard to sell at the decline. Good, heavy meaty bolognas show a very strong trend and prospects are for higher prices on them in the near future. eVal calves 75c to \$1 higher than last week. Fancy feeding calves in good demand at \$7.75 to \$8.

MR. PARKER.

Parker's Lucky Curve Non-Leakable Fountain Pen. Bargain Book Store.

Handkerchief Sale begins tomorrow. F. J. Waddell & Co.

Good Pants News

We have on sale the entire yardage of suit woolens of a large clothing manufacturer, which they made into pants for us.

FUNERALS

Layton.

Impressive funeral services were held Saturday morning at 10 o'clock of Grace M. E. church in memory of Miss Ninetta Layton to whom death came suddenly Thanksgiving afternoon. The large assemblage of relatives and friends included members of the faculty and older pupils from the Illinois School for the Deaf. The words of the ministers who took part in the services were interpreted to those who could not hear by Prof. C. Spruit of the faculty of the Illinois school. Rev. J. W. Miller pastor of Grace church was in charge of the services and was assisted by Dr. Joseph R. Harker. J. Phillip Read was at the organ and Mrs. H. C. Woltman sang, "O Love That Will Not Let Me Go."

Those who had charge of the many beautiful flowers, were: Miss Ida Marsh, Miss Bettie Mosley, Miss Margaret Russell, Miss Laura Fox and Miss Bessie Layman.

After the reading of brief passages of scripture and a prayer by Dr. Harker a sermon was delivered by Rev. Mr. Miller who took his text from the 9th verse of the 15th Chapter of Jeremiah. "Her sun is gone down while it is yet day." Among other things he said "This sentence described a strange phenomenon. The day is long or short as the sun rises early or sets late or the very opposite. There is no day where there is no sun. What has happened when the sun goes down while it is still day. It means that some unusual thing has happened. Men are in the field at work, the plans of the day are not complete expecting that several hours remain when some one looking up exclaims, 'Why the sun has suddenly gone down.' The Carpenters and masons are seen gathering up their tools and climbing down from roofs and walking away in surprise at the sudden ending of the day's toil. The stores suddenly are in twilight and here and there lights begin to appear as a token that the day is done. The burden of the text is that opportunity has been cut off. The plans of life are broken and the end has come. With this in mind how applicable are these words here and now. Last week busy at her chosen work, a few days, almost a few hours and her sun went down and her day of life closed on earth forever. A beautiful day her life was full of sunshine. Her life as she lived it was balmy, gentle and always calm. It was a day of service spent in the care of others and while the day was short the service was great. She walked with marked confidence, with distinct Christian faith conscious of the goodness of the Father to the end. That gentle faith, that living confidence was hers until the final hour came. As in the material world men can renew their tasks on another day when the sun has gone down and contemplate their

MORTUARY

Cunningham.

Patrick Cunningham for many years a resident of Jacksonville died Saturday morning at 1 o'clock at Passavant hospital. Mr. Cunningham was born in Ireland about 87 years ago and came to America as a young man and the larger part of his life was spent as a citizen of this country—and in this county. For about 25 years he had lived with the family of the late E. P. Jones whose friendship he greatly appreciated during his declining years. Mr. Cunningham was a man well esteemed by those who knew him well and was faithful to his ideals of duty. So far as known he had no relatives in this country.

The funeral will be held at 2:30 o'clock Monday afternoon from the residence of the Misses Jones 1457 South Main street and interment will be made in Diamond Grove cemetery. O'Brien.

John O'Brien, passed away Saturday at 1:30 o'clock at the family residence, 705 East Lafayette avenue, as mentioned in yesterday's Journal. His illness was of short duration. He was born in County of Tipperary, Ireland, 73 years ago. For 54 years he had been a resident of Jacksonville. For a great many years he was section foreman on the Chicago & Alton. He was a man held in high regard by all who knew him and his death will be learned with much sorrow.

He married Miss Marry O'Connor, 42 years ago and she survives him, and the following children, Mrs. J. L. Brady, Centralia, Edward J. O'Brien, Beardstown and the following residing in Jacksonville, M. H. O'Brien, Mrs. Joseph Clancy, Mrs. Harry Norris, John, Margaret, Julia and Katherine O'Brien. He is also survived by eighteen grand-children. The funeral will be held Monday at 9 o'clock from the Church of Our Savior. Friends are requested to please omit flowers.

Cowan.

Brief funeral services for Commodore Cowan were held at the residence of his mother, 305 Marion street, Saturday morning at 9 o'clock. The remains were taken to Hadley for interment Saturday morning at 10:25 o'clock via the Wabash.

SPECIAL NOTICE.

OWING TO THE CONTINUED UNSEASONABLE WEATHER AND FINDING OURSELVES HEAVILY OVERSTOCKED WE OFFER OUR COATS, SUITS, FURS AND MILLINERY AT PRICES THAT WILL SURELY INTEREST BUYERS. OUR RELIABLE MERCHANDISE AND OUR WELL KNOWN STANDING IS EVIDENCE THAT SHOULD APPEAL TO YOU. J. HERMAN.

QUESTION INTERESTS ATTORNEYS.

The November issue of the Illinois Law Review contains, among other articles a discussion by Judge F. E. Baldwin of "Partnership Liability of Stockholders in De Facto corporations." The questions considered is the personal or "partnership" liability of shareholders in de facto corporations in Illinois, as distinguished from any statutory liability. The Illinois Review is published by the Northwestern University Law Publishing Association and the fact that the article has been given space therein is proof that it concerns a question of special interest and has been handled in a manner meriting the attention of the law at large.

Monogram Belt Buckles are very much prized by men who own them. Frank Byrns Hat Store sells them.

A CORRECTION.

In mentioning the party given at the home of Mr. and Mrs. Jesse Henry, near Woodson it should have been stated that it was their daughter, Miss Mollie Henry, whose engagement to Mr. Amos McCurley was announced and not Miss Myrtle Welbourne, of Colorado, in whose honor the affair was partly given.

You'll like the style and fit of the overcoats shown by Garland & Co., \$12.50 to \$35.00.

WILL VISIT SOUTHWEST.

C. T. Daniels, the C. & A. agent at Murrayville expected to leave with Mrs. Daniels last evening for a thirty day trip through the southwest. Mr. Daniels is a veteran railroad man, having been in the employ of the C. & A. for 33 years.
